# Borrego Water District Board of Directors Regular Meeting September 28, 2016 @ 9:00 a.m. 806 Palm Canyon Drive Borrego Springs, CA 92004

# I. OPENING PROCEDURES

- **A.** Call to Order
- **B.** Pledge of Allegiance
- C. Roll Call
- D. Approval of Agenda
- E. Approval of Minutes

July 19, 2016 Special Meeting (3-7)

July 27, 2016 Regular Board Meeting (8-11)

- F. Comments from Directors and Requests for Future Agenda Items
- G. Comments from the Public and Requests for Future Agenda Items (comments will be limited to 3 minutes)

# II. ITEMS FOR BOARD CONSIDERATION AND POSSIBLE ACTION

- A. Accept Resignation of BWD Board Member Lee Estep and Appointment of Harry Ehrlich to Remaining Term (13-20)
- **B.** Request for Proposal to Conduct Hydrogen Sulfide Odor Investigation and Assessment on BWD Sewer Force Main David Dale (21-30)
- C. Request from Rams Hill for Temporary Rate Adjustment on Proposed 20 af Purchase During October 2016 (31-32)
- **D.** Public Information Plan for Fall 2016 & winter 2017 SUN Articles (33-35)
- **E.** Review Planning Calendar (36-38)

# III. STAFF REPORTS

- A. Financial Reports July 2016 (39-50)
- **B.** Financial Reports August 2016 (51-62)
- C. General Manager
  - a. Rams Hill Fallowing and Water Purchases, Information to be Distributed Before 10-28
  - b. BWD 2015-16 Financial Audit Update, Verbal
  - c. New BWD Software Installed, Verbal
  - d. BWD Website Update, Verbal
- **D.** Water and Wastewater Operations Report July & August 2016 (63-64)
- E. Water Production/Use Records July & August 2016 (65-66)

### IV. ATTORNEY'S REPORT

# A. None

# v. COMMITTEE REPORTS & PROPOSALS:

Ad	[-]	hoc	C	0	m	m	i	tı	tee	S

Audit
 Due-Diligence
 Strategic Planning
 Executive
 Operations & Maintenance
 (Brecht, Tatusko)
 (Hart, Brecht)
 (Ehrlich, Hart)
 (Delahay, Tatusko)
 (67-78)

6. Parks
7. CFD
(Hart, Tatusko)
(Ehrlich, Delahay)
8. Conservation
(Hart, Tatusko)

9. Personnel (Hart, Tatusko)
10. GSP BWD Ratepayer Nominating (Delahay, Ehrlich)

# VI. INFORMATIONAL ITEMS

- A. 800 Tank Replacement / 900 Tank Construction Update Verbal, Greg Holloway
- **B.** Future Maintenance of Christmas Circle Park Verbal, Jim Wilson
- C. 5-year BWD Capital Improvement Plan David Dale (79-80)
- **D.** Draft Borrego Valley Groundwater Basin GSP Presentation (81)

# VII. CLOSING PROCEDURE

- A. Suggested Items for Next Agenda
- B. The next Special Meeting of the Board of Directors is scheduled for October 18, 2016 at the Borrego Water District
- C. The next Regular Meeting of the Board of Directors is scheduled for October 26, 2016 at the Borrego Water District

EST 1962

# Borrego Water District MINUTES Special Meeting of the Board of Directors Tuesday, July 19, 2016 9:00 AM

806 Palm Canyon Drive Borrego Springs, CA 92004

# I. OPENING PROCEDURES

**A.** Call to Order: President Hart called the meeting to order at 9:00 a.m.

**B.** Pledge of Allegiance: Those present stood for the Pledge of Allegiance.

C. Roll Call: <u>Directors: Present:</u> President Hart, Vice-President

Brecht, Delahay

Absent: Secretary/Treasurer Tatusko,

Estep

Staff: Geoff Poole, General Manager

Greg Holloway, Operations Manager

Wendy Quinn, Recording Secretary

<u>Public:</u> Harry Ehrlich Andrea Roess, Taussig & Assoc.

Sara Lockett, Ocotillo Jim Wilson, Christmas Circle

Wells SVRA Community Park

D. Approval of Agenda: MSC: Brecht/Delahay approving the Agenda as written.

E. Comments from Directors and Requests for Future Agenda Items: None

F. Comments from the Public and Requests for Future Agenda Items: None

**G.** Correspondence: Letter from Ratepayer Steering Committee: Director Brecht invited the Board's attention to a letter from Ray Shindler on behalf of the Ratepayer Steering Committee. The Committee asked a number of questions, and Director Brecht is working with President Hart on a response. Director Brecht referred to his draft questions and answers on SGMA, included in the Board package, and welcomed comments. Wendy Quinn reported that the *Borrego Sun* had asked her to write an abbreviated version and she had sent it to Geoff Poole and Esmeralda Garcia. Mr. Poole will provide a copy to Director Brecht prior to publication.

# II. CURRENT BUSINESS MATTERS

A. Review of Special Assessments and Administration Report for Fiscal Year 2016-2017 prepared by David Taussig and Associates, Inc. for CFD No. 2007-1 presented to Andrea Roess: Andrea Roess of Taussig and Associates invited the Board's attention to her memo outlining the District's fixed charge levies. They are essentially the same as last year's. Minor adjustments may be made now that the Assessor's roll is available for review. She went on to report that the Community Facilities District (CFD) is in a similar state as it was last year. Ms. Roess will provide a written report on the CFD for inclusion in next week's Board package. She promised to keep the Board informed on ongoing discussions with bond counsel, and Director Brecht asked that the information first be reviewed by the CFD Committee.

- B. <u>Discussion and possible approval of RESOLUTION #2016-07-01 RESOLUTION</u>
  OF THE BOARD OF DIRECTORS OF THE BORREGO WATER DISTRICT RESTATING
  AND ADOPTING A STATEMENT OF INVESTMENT POLICY:
- C. Consideration of RESOLUTION NO. 2016-07-02 RESOLUTION OF THE BOARD OF DIRECTORS OF THE BORREGO WATER DISTRICT, SAN DIEGO COUNTY, CALIFORNIA, LEVYING STANDBY CHARGES AND/OR ACREAGE ASSESSMENTS TO DEFRAY THE COST OF OPERATIONS AND MAINTENANCE OF THE DISTRICT AND REQUESTING THE LEVY AND COLLECTION OF SAID STANDBY CHARGES AND/OR ACREAGE ASSESSMENTS ON LAND WITHIN THE DISTRICT FOR THE FISCAL YEAR 2016-2016:
- D. Consideration of RESOLUTION NO. 2016-07-03 RESOLUTION OF THE BOARD OF DIRECTORS OF THE BORREGO WATER DISTRICT, SAN DIEGO COUNTY, CALIFORNIA, LEVYING STANDBY CHARGES AND/OR ACREAGE ASSESSMENTS TO DEFRAY THE COSTS OF OPERATIONS AND MAINTENANCE OF THE DISTRICT, AND TO PAY COSTS OF OPERATIONS AND MAINTENANCE FOR IMPROVEMENT DISTRICT NO. 1 AND REQUESTING THE LEVY AND COLLECTION OF SAID STANDBY CHARGES AND/OR ACREAGE ASSESSMENTS ON CERTAIN LAND IN IMPROVEMENT DISTRICT NO. 1 FOR THE FISCAL YEAR 2016-2017:
- E. Consideration of RESOLUTION NO. 2016-07-04 RESOLUTION OF THE BOARD OF DIRECTORS OF THE BORREGO WATER DISTRICT, SAN DIEGO COUNTY, CALIFORNIA, LEVYING CHARGES AND/OR ACREAGE ASSESSMENTS TO DEFRAY THE COST OF PROVIDING PEST CONTROL SERVICES BY THE DISTRICT AND REQUESTING LEVY AND COLLECTION OF SAID CHARGES AND/OR ACREAGE ASSESSMENTS FOR THE FISCAL YEAR 2916-2017:
- F. Consideration of RESOLUTION NO. 2016-07-05 RESOLUTION OF THE BOARD OF DIRECTORS OF THE BORREGO WATER DISTRICT, SAN DIEGO COUNTY, CALIFORNIA, LEVYING STANDBY CHARGES AND/OR ACREAGE ASSESSMENTS TO DEFRAY THE COST OF OPERATING AND MAINTAINING THE WATER FACILITIES WITHIN IMPROVEMENT DISTRICT NO. 3 OF THE DISTRICT AND REQUESTING THE LEVY AND COLLECTION OF SAID STANDBY CHARGES AND/OR ACREAGE ASSESSMENTS FOR THE FISCAL YEAR 2016-2017:
- G. Consideration of RESOLUTION 2016-07-06 RESOLUTION OF THE BOARD OF DIRECTORS OF THE BORREGO WATER DISTRICT ACTING AS THE LEGISLATIVE BODY OF COMMUNITY FACILITIES DISTRICT NO. 2007-1 OF THE BORREGO WATER DISTRICT AUTHORIZING THE LEVY OF SPECIAL TAXES WITHIN COMMUNITY FACILITIES DISTRICT NO. 2007-1 FOR THE FISCAL YEAR 2016-2017: MSC: Brecht/Delahay adopting Resolution #2016-07-01, Resolution of the Board of Directors of the Borrego Water District Restating and Adopting a Statement of Investment Policy; Resolution No. 2016-07-02, Resolution of the Board of Directors of the Borrego Water District, San Diego County, California, Levying Standby Charges and/or Acreage Assessments to Defray the Cost of Operations and Maintenance of the District and Requesting the Levy and Collection of Said Standby Charges and/or Acreage Assessments on Land Within the District for the Fiscal Year 2016-2017; Resolution No. 2016-07-03, Resolution of the Board of Directors of the Borrego Water District, San Diego County, California, Levying Standby Charges and/or Acreage Assessments to Defray the Costs of Operations and Maintenance of the District, and to Pay Costs of Operations and Maintenance for Improvement District No. 1

and Requesting the Levy and Collection of Said Standby Charges and/or Acreage Assessments on Certain Land in Improvement District No. 1 for the Fiscal Year 2916-2017; Resolution No. 2016-07-04, Resolution of the Board of Directors of the Borrego Water District, San Diego County, California, Levying Charges and/or Acreage Assessments to Defray the Cost of Providing Pest Control Services by the District and Requesting Levy and Collection of Said Charges and/or Acreage Assessments for the Fiscal Year 2016-2017; Resolution No. 2016-07-05, Resolution of the Board of Directors of the Borrego Water District, San Diego County, California, Levying Standby Charges and/or Acreage Assessments to Defray the Cost of Operating and Maintaining the Water Facilities Within Improvement District No. 3 of the District and Requesting the Levy and Collection of Said Standby Charges and/or Acreage Assessments for the Fiscal Year 2016-2017; and Resolution 2016-07-06, Resolution of the Board of Directors of the Borrego Water District Acting as the Legislative Body of Community Facilities District No. 2007-1 of the Borrego Water District Authorizing the Levy of Special Taxes Within Community Facilities District No. 2007-1 for the Fiscal Year 2016-2017.

- H. Consideration of RESOLUTION 2016-07-07 RESOLUTION OF THE BOARD OF DIRECTORS OF THE BORREGO WATER DISTRICT, TEMPORARILY SUSPENDING THE IMPLEMENTATION AND ENFORCEMENT OF ORDINANCE NO. 16-01 (WATER CONSERVATION MEASURES): Mr. Poole noted that the Board had already voted to suspend Ordinance No. 16-01, but a Resolution is required. MSC: Brecht/Delahay adopting Resolution 2016-07-07, Resolution of the Board of Directors of the Borrego Water District Temporarily Suspending the Implementation and Enforcement of Ordinance No. 16-01 (Water Conservation Measures).
- I. <u>Discussion and possible action on Christmas Circle Park:</u> President Hart reported that she and Mr. Poole met yesterday with Jim Wilson of Christmas Circle Community Park to discuss the potential activation of the District's park powers to manage Christmas Circle. Late in the day Morgan Foley responded to questions from the group, but issues remain to be clarified. Is there a benefit to the District? What property would be involved? Would the District have to purchase those properties or enter into a long-term lease? How would it be funded? An assessment district may need to be formed, and engineering and financial analyses would be required, as well as public input and approval.

Mr. Wilson questioned what would happen if this Board chose to exercise its park powers and a subsequent board didn't want that responsibility. He wanted to know if those powers could be restricted to Christmas Circle, or would they need to be available to all parks within the District. Director Delahay wondered whether Transit Occupancy Tax funds might be available to use in maintaining the park(s). Mr. Wilson suggested a flat fee per parcel for District property owners, rather than a per-acre assessment.

President Hart asked Harry Ehrlich to provide information from LAFCO on the process necessary to form an assessment district. Director Brecht suggested asking Ms. Roess for advice on the financial analysis. Mr. Poole pointed out that land ownership is an important issue. If the District is required to own the land, they probably would not want to pursue this. He agreed to work with Mr. Ehrlich to answer the questions raised today.

J. <u>Discussion of Groundwater Sustainability Agency Status (GSA) and Stakeholder review and Comments of Memorandum of Understanding (MOU) with the County of San Diego:</u> Mr. Poole announced that the GSA MOU with the County is an important first step in the GSP process and will be on the Agenda for approval at the next meeting. Stakeholder participation will be part of the process. He distributed an outline of the MOU components. A stakeholders'

Advisory Committee will be formed, which will report to a Core Team of staff and elected officials, which will report to the BWD Board and County Board of Supervisors. The regulatory agencies will be the State Water Resources Control Board (SWRCB) and the State Department of Water Resources (DWR).

President Hart summarized the tasks enumerated on the MOU outline. On or before July 2019, the Core Team will develop the GSP, selecting its agency and DWR central points of contact; create a stakeholders' participation plan including the Advisory Committee; develop a meeting schedule, scope of work, budget, cost sharing and recovery; select a consultant; and memorialize BWD and County roles and responsibilities for the implementation plan. Dispute resolution, if needed, will be through DWR or SWRCB.

President Hart noted that the Strategic Planning Committee and General Manager have been serving on the negotiating team on behalf of BWD. They will likely represent the District on the Core Team. Director Delahay asked who would represent the County. Mr. Poole will contact Jim Bennett for this information. He noted that the Board of Supervisors will consider the MOU in September.

President Hart explained that the County will be responsible for administrating consulting contract(s), since they are required to follow exacting procedures for these arrangements even if they are only partial participants.

Mr. Ehrlich reiterated Director Delahay's concern about the makeup of the Core Team. He had other minor items which he will transmit to Mr. Poole. Sara Lockett shared the concern regarding the Core Team. President Hart explained that there will be another MOU to address this once the Board of Supervisors has approved the one under consideration today, which basically addresses overlap responsibility issues as required by DWR.

- K. Discussion of draft brief regarding the question of whether there are adequate sustainable production units (allowable acre-feet per year [AFY] withdrawals from the basin) available in 2040 under the Sustainable Groundwater Management Act (SGMA) constraints in order for the District to serve its existing customers and future customers (i.e. un-built lots approved under the County's existing zoning): Director Brecht reported that Trey Driscoll would be working on this issue to enable the District to deal with County land user planners.
- L. Discussion regarding the question of whether the US Geological Survey's (USGS) proposal for depth dependent water quality sampling is the best (least cost, quickest, most predictive) means for assessing whether the SGMA 2040 deadline for reaching a sustainable use of the basin and the Borrego Water Coalition's proposed recommendation for the speed at which this target AFY withdrawals by 2040 is achieved provides the least risk for avoiding undesirable results for water quality changes that would necessitate the District to invest in advanced water treatment in order to continue to deliver potable water to its customers in the future: Director Brecht referred to a meeting among Mr. Driscoll, Mr. Bennett, Jerry Rolwing and Claudia Faunt (USGS) on this issue. He was concerned that the 20-year time frame under SGMA to achieve sustainability was arbitrary, and water quality could be degraded to the point of requiring expensive advance treatment before that time. Mr. Driscoll stated that the existing USGS study would not answer this question. Two wells were going to be tested in an effort to obtain more data and analyze future trends. USGS plans to submit a proposal. Greg Holloway explained that when the wells (Nos. 4 and 12) were "pulled" for repair, a depth dependent analysis would be performed. This will probably occur within the next year.

Discussion followed regarding the time frame for the testing. Director Brecht reiterated his concern that it should be done soon, and Mr. Holloway pointed out that data today

will not necessary predict future status. Director Brecht requested a written report on the meeting with USGS, so it can be included in the GSP and consultant RFP process. Mr. Poole will work with Mr. Driscoll and the USGS to put something together based on Mr. Driscoll's meeting notes and information in Mr. Rolwing's files.

Director Delahay pointed out that pulling wells for depth dependent sampling is an expensive process which the District cannot afford until it is time to repair the wells anyway. President Hart suggested using monitoring wells for sampling. Mr. Driscoll explained that the sampling is more effective with pumping. A pumping service could be used, but some cleaning should be done first. Director Brecht requested a written report on the plans and expense.

- **M.** <u>Discussion of response from JPIA in regards to the Hypalon Bladder Claim:</u> Mr. Holloway reported that JPIA had denied the District's claim for the failed Hypalon bladder, and Layfield offered a \$4,900 settlement. He and Mr. Poole will discuss the issue with Mr. Foley.
- N. <u>Discussion of potential agenda items for July 27<sup>th</sup> board meeting:</u> Agenda items for the July 27 meeting will include cancellation of the August meetings by Resolution, Christmas Circle Park, the GSA MOU, EDU transfers, and an information item attaching Ms. Roess's report on the CFD.

# III. INFORMATIONAL ITEMS

- **A.** <u>Water Fact Sheet:</u> President Hart invited the Board's attention to the Water Fact Sheet, which Mr. Rolwing had prepared.
- **B.** <u>Letter from Board to Harry Ehrlich:</u> The Board had written to Mr. Ehrlich thanking him for his assistance in the General Manager Recruitment.
  - C. <u>Draft SGMA Questions & Answers:</u> This item was addressed previously.
- **D.** <u>Draft Presentation Deck from Director Brecht for discussion purposes regarding District-related business risk management issues occasioned by SGMA: Director Brecht summarized his draft presentation deck, emphasizing that not only is achieving sustainability in 40 years important, but we must be vigilant as to how we do it. The business aspects are crucial, and whereas the County thinks of SGMA as a regulatory issue, the District should look at it from the business standpoint.</u>
- **E.** <u>Summary of Dudek's work for the District to Date:</u> A summary of Dudek's work was included in the Board package.

# IV. CLOSING PROCEDURE

There being no further business, the Board adjourned at 11:00 p.m. The next Regular Meeting of the Board of Directors is scheduled for July 27, 2016 at the Borrego Water District.

# Borrego Water District MINUTES

# Regular Meeting of the Board of Directors

Wednesday, July 27, 2016

9:00 AM

806 Palm Canyon Drive Borrego Springs, CA 92004

### I. OPENING PROCEDURES

**A.** Call to Order: Vice-President Brecht called the meeting to order at 9:00 a.m.

**B.** Pledge of Allegiance: Those present stood for the Pledge of Allegiance.

C. Roll Call: <u>Directors: Present:</u> Vice-President Brecht, Delahay,

Estep

Absent: President Hart, Secretary/Treasurer

Tatusko

Staff: Geoff Poole, General Manager

Greg Holloway, Operations Manager Wendy Quinn, Recording Secretary

Public: Trey Driscoll, Dudek Marshal Brecht

Susan Percival, Club Circle East Chris Ruiz, Anza Borrego

HOA State Park

Jim Wilson, CCCP Dick Walker Jim Bennett, County of San Diego Jan Naragon

Alexandra Elias, County of San Mike Wright, USGS

Diego Allen Christensen, USGS

**D.** Approval of Agenda: MSC: Delahay/Estep approving the Agenda as written.

**E.** Approval of Minutes:

Special meeting of June 9, 2016 Special meeting of June 21, 2016

Regular Meeting of June 22, 2016

MSC: Estep/Delahay approving the Minutes of the Special Meeting of June 9, 2016; the Special Meeting of June 21, 2016; and the Regular Meeting of June 22, 2016 as written.

- F. Comments from Directors and Requests for Future Agenda Items: None
- G. Comments from the Public and Requests for Future Agenda Items: None
- **H.** Correspondence from the Public:

Letter from Ray Shindler

Director Brecht expressed appreciation to Ray Shindler for his comments on Director Brecht's presentation to the Community Sponsor Group. A response is not required.

# II. CURRENT BUSINESS MATTERS

- **A.** <u>Discussion and approval of EDU transfers:</u> Geoff Poole requested Board approval for the transfer of three EDUs from Philip Cleary to RTA Borrego Valley LLC. *MSC: Estep/Delahay approving the transfer.*
- B. <u>Discussion and approval of Tier 2 refunds:</u> MSC: Estep/Delahay approving a Tier 2 refund in the amount of \$14.70. This is the last of these refunds.
- C. Review of planning calendar: Director Brecht asked whether a copy of the budget had been forwarded to Compass Bank, and Mr. Poole agreed to find out.
- **D.** <u>USGS</u> <u>Depth-Dependent Water Sampling in the Borrego Valley Groundwater Basin:</u> Mr. Poole summarized the USGS proposal for depth-dependent testing of wells currently

in use at various levels. Water availability and quality will be tested, and the data will tie into the GSP. Staff wants to coordinate the sampling with regular maintenance and rehabilitation of the wells. USGS has recommended starting with Well 1.12, which is scheduled for rehabilitation this year.

Director Brecht referred to the last line of the first paragraph in USGS's Scope of Work, "In the most drastic, but realistic, management scenario (6) where municipal and recreational pumpage are reduced by 50 percent and agricultural pumpage by 40 percent over a 20-year period, water levels are still predicted to decline 25-50 ft. in the northern and middle portions of the basin." He opined that this gets into the area of a policy recommendation and he would prefer not to have it in the proposal, lest the public misunderstand.

Allen Christensen of USGS pointed out that the proposed testing could be done in phases. Mr. Poole estimated a \$68,000 cost in FY 2017. Director Brecht explained that he hoped to find out when, between now and the SGMA target date for achieving groundwater sustainability of 2040, the water quality might degrade to the point of requiring expensive advanced treatment. Mr. Christensen said the USGS model could be used to analyze various scenarios.

Mike Wright of USGS summarized a handout, "Coupled Well-Bore Flow and Depth Dependent Water Quality Data Collection as a Tool for Managing Groundwater Resources for Meeting the Requirements of the Groundwater Sustainability Management Act." He outlined the benefits for SGMA compliance, including critical parameters for water quality and groundwater levels. Well-bore flow can be measured by a due-tracer method, spinner tool or electromagnetically, each having advantages and disadvantages. Mr. Wright explained the sample collection process and showed photos. Pictures of work already done in the Borrego Valley were included.

Mr. Poole stated that BWD and USGS staffs would work on a budget and schedule for the sampling and bring back a report at the next Board meeting.

Director Delahay asked about USGS response time if a well were to fail unexpectedly and the District wanted to perform the testing while it was down. Mr. Christensen said they could probably schedule it within a few days to a week.

- E. Adopting Memorandum of Understanding (MOU) between BWD and County of San Diego for Development of a Groundwater Sustainability Plan (GSP) in the Borrego Valley Groundwater Basin. Resolution No. 2016-07-08: Mr. Poole explained that when today's Board package was printed, every other page of the District/County MOU was inadvertently deleted. Therefore, to comply with the Brown Act, it may be discussed today but not approved. He introduced Jim Bennett and Alex Elias from the County and noted that the MOU will start the process of developing a GSP. The County and District will be joint GSAs and decide what we will do to achieve sustainability in the short and long term. A Core Team representing both agencies will be created, as well as an Advisory Committee of stakeholders which will work closely with the Core Team. The County Board of Supervisors will vote on the MOU on September 28. After discussion, the Board agreed, with Mr. Bennett's concurrence, to vote on it at the September 20 workshop meeting.
- F. Consideration and approval of cancelling August Workshop and Regular Board meeting. Resolution No. 2016-07-09: MSC: Delahay/Estep adopting Resolution No. 2016-07-09, cancelling the August Workshop and Regular Board Meeting.

### III. STAFF REPORTS

- **A.** Financial Reports May:
- **B.** Financial Reports June:

No reports. Greg Holloway reported that Kim Pitman is in training all week for the new computer program.

C. General Manager/Operations Report: Mr. Poole reported that he had been working with the USGS and the County on items discussed previously today. He announced that although the District office hours are 6:00 a.m. to 3:00 p.m., he planned to work 8:00 a.m. to 5:00 p.m. because those were the hours kept by most of his contacts outside the District.

Mr. Holloway reported that staff had been dealing with a few minor issues, including problems with vehicles. Plans are underway for rehabilitating wells as scheduled. Work will begin in a week or a week and a half on the Center Market sewer connection, and the new sewer connection on Sunset has been approved. Morgan Foley is working on the 800 Tank claim.

- C. Water and Wastewater Operations Report June 2016: The Water and Wastewater Operations Report was included in the Board package.
- **D.** Water Production/Use Records June 2016: Director Delahay noted that overall pumpage was down compared to the previous 12 months. Water conservation is continuing.

# IV. ATTORNEY'S REPORT

Director Brecht asked Mr. Holloway to keep the Board informed on Mr. Foley's progress with the 800 Tank claim.

# V. COMMITTEE REPORTS & PROPOSALS

Ad Hoc Committees

1. Audit Committee

No report.

2. Due-Diligence

Director Brecht reported that the Committee had been working on water quality issues. He went on to explain that the District's method of calculating developer charges needs to be revised. Dudek is working on it, and Director Brecht and Mr. Poole have a conference call scheduled with Raftelis this afternoon.

3. Strategic Planning Committee

Director Brecht reported that the Committee had been working on the MOU with the County and would be meeting with Mr. Bennett and Ms. Elias following today's Board meeting.

4. Executive Committee

No report.

5. Operations & Management Committee

Director Delahay reported that the Committee had recommended some changes to the library sewer and had removed the requested extension of the line past the library from the plans. He further reported that three of the District vehicles became inoperative this week, and plans are underway to purchase two small vehicles. This will overrun the budget by approximately \$10,000, but the Committee will try to make up for it elsewhere in the budget.

6. Parks Committee

No report.

7. CFD Committee

No report.

8. Conservation Committee

No report.

9. Personnel Committee

No report.

# VI. INFORMATION ITEMS

**A.** <u>Future Maintenance of Christmas Circle Park:</u> Mr. Poole reported that staff had been investigating the activation of the District's park powers in response to a request for consideration by Christmas Circle Community Park. The District would not need to own the

property; an easement would be sufficient. A number of legal documents would be required, and an election would have to be held. This could cost tens of thousands of dollars. Mr. Poole recommended that the park seek another means of financing, but asked them to come back to the Board if other avenues are unsuccessful. Jim Wilson, President of the Christmas Circle Community Park Board, explained that he did not want to abandon the idea of working with the District to exercise its park powers, but would put it on hold for now while he looked into other options. Director Brecht expressed concern regarding reimbursement to the District for associated expenses should it decide to activate its park powers. Discussion followed, and Mr. Wilson indicated he would investigate exactly what this activation would entail. The matter was referred to the Parks Committee.

- **B.** Filing of Administration Report for Fiscal Year 2016-2017 Prepared by David Taussig and Associates, Inc. for CFD No. 2007-1: Mr. Poole referred to the Board's action at its last meeting approving a series of land-based assessments. The administrative report on the Community Facilities District was inadvertently omitted and was included in today's Board package for information and to become part of the District's permanent record.
- C. SGMA Groundwater Sustainability Plan Request for Proposal components, draft version #10, for discussion purposes (Director Brecht): Director Brecht reported that his draft GSP Request for Proposal had been reviewed by the Stewardship Council, Community Sponsor Group and Borrego Water Coalition.
- **D.** MANAGING THE BUSINESS RISK OF SGMA, discussion deck, version #2, developed by Director Brecht based on July 19<sup>th</sup> special meeting discussions (Director Brecht): Director Brecht explained that he was trying to look at SGMA from a business and risk management perspective. It is important *how* we reach groundwater sustainability.
- **E.** SGMA Questions & Answers draft V#6 based on public comments to date (Director Brecht): Director Brecht invited the Board's attention to his latest draft SGMA questions and answers, noting that he had received a lot of helpful feedback.

# VII. CLOSING PROCEDURE

There being no further business, the Board adjourned at 10:30 a.m. The next Special Meeting of the Board of Directors is scheduled for September 20, 2016 at the Borrego Water District. The next Regular Meeting of the Board of Directors is scheduled for September 28, 2016 at the Borrego Water District.

# BOARD OF DIRECTORS MEETING – SEPTEMBER 28, 2016 AGENDA BILL - II.A

September 22, 2016

TO: Board of Directors, Borrego Water District

FROM: Geoff Poole, General Manager

SUBJECT: AGENDA ITEM II.A: Accept Resignation of BWD Board Member Lee Estep and Appoint Harry Ehrlich to the remaining term

**RECOMMENDED ACTION:** Accept Resignation of Director Lee Estep and Appoint Director-elect Harry Ehrlich for the remainder of Estep's term.

ITEM EXPLANATION: Unfortunately, Lee Estep has decided to resign immediately from the BWD Board due to health related issues. Lee has been in contact with Director Hart about the situation and officially resigned on September 10<sup>th</sup>.

BWD staff contacted the SD County Registrar of Voters and they confirmed that the BWD Board is free to accept the resignation from Lee and appoint Harry to the remaining term.

EST. 1962

**FISCAL IMPACT: None** 

# **ATTACHMENTS:**

- 1. Resolution No. 2016-09-10
- 2. Letter of Appreciation for Lee Estep

# **RESOLUTION NO. 2016-09-10**

# RESOLUTION OF THE BOARD OF DIRECTORS OF THE BORREGO WATER DISTRICT ACCEPTING THE RESIGNATION OF LEE ESTEP AND APPOINTING DIRECTOR-ELECT HARRY EHRLICH FOR THE REMAINING TERM

**WHEREAS**, Borrego Water District Director Lee Estep has tenured his resignation effective immediately; and

WHEREAS, the contribution made by Director Estep at BWD will be difficult to replace; and

**WHEREAS**, during the Fall 2016 BWD election period, Director Estep decided not to file for reelection following the end of his current term

WHEREAS, during the same election period, Borrego resident Harry Ehrlich filed for the open position vacated by Director Estep and qualified as defined by the San Diego County Registrar of Voters; and

**WHEREAS,** Director Ehrlich ran unopposed on the ballot and will be automatically appointed by the Registrar at the end of Director Estep's existing term,

**NOW, THEREFORE,** the Board of Directors of the Borrego Water District does hereby resolve, determine and order as follows:

Accept the resignation of Director Lee Estep and appoint Director-elect Harry Ehrlich for the remainder of the term.

**ADOPTED, SIGNED AND APPROVED** this 28<sup>th</sup> day of September, 2016.

	President of the Board of Directors	
	of Borrego Water District	
ATTEST:		
Secretary of the Board of I	Directors	

	{Seal}
STATE OF CALIFO	RNIA )
	) ss.
COUNTY OF SAN I	DIEGO )
that the foregoing res	o, Secretary of the Board of Directors of the Borrego Water District, do hereby certify olution was duly adopted by the Board of Directors of said District at a regular meeting of September, 2016, and that it was so adopted by the following vote:  DIRECTORS:  DIRECTORS:  DIRECTORS:

# DRAFT LETTER OF APPRECIATON FOR LEE ESTEP. TO BE PUT ON DISTRICT LETTERHEAD AND SIGNED BY ALL DIRECTORS

This Letter of Appreciation is hereby presented to retiring Borrego Water District Director **Lee Estep** upon receipt of his resignation on September 17, 2016.

Lee joined the Borrego Water District Board early in 2011, and as a retired Trial Attorney with more than 50 years' experience in the San Diego area, added much needed skill in contract negotiations and legal analysis to the Board. Basically, Lee served the BWD "in house" legal advisor whose opinion defined whether it was necessary to expend funds for outside counsel or handle the matter internally.

Initially, Lee worked with Beth Hart as a member of an Ad Hoc committee to renegotiate several contracts agreed to by the prior Board that would severely burden the District's future. Lee applied his astute legal skills to each renegotiation and in the end, all the contracts were revised to the benefit of ratepayers. Lee served on a variety of Ad Hoc committees during his 5 plus years with the District, always providing his best in service to the District

Thereafter, Lee provided multiple recommendations to the Board concerning which firms to use to provide the District with solid legal advice as the Board navigated its way through a myriad of legal issues. Based upon his recommendations, the Board retained a District Legal Counsel whose service and expertise proved of great value during its first Proposition 218 rate increase process in 2011 and thereafter when multiple legal issues arose.

Because Lee had been a Board member with the Community Service District and various Rams Hill Associations, he was instrumental in helping the Board understand the history of the District's past interactions with each and provided solid advice on how that history affected current events.

It is with a heavy heart that the Board of Directors of the Borrego Water District accept his resignation. We applaud his service to both the ratepayers and the Community and wish him the very best.

# BOARD OF DIRECTORS MEETING – SEPTEMBER 28, 2016 AGENDA BILL - II.B

September 22, 2016

TO: Board of Directors, Borrego Water District

FROM: Geoff Poole, General Manager

SUBJECT: AGENDA ITEM II.C: Request for Proposal to Conduct Hydrogen Sulfide Odor Investigation and Assessment on BWD Sewer Forcemain

**RECOMMENDED ACTION:** Approve RFP for Hydrogen Sulfide Investigation

ITEM EXPLANATION: Attached is a detailed Request for Proposal created by David Dale to hire a sanitary sewer engineer to investigate and assess the issue.

FISCAL IMPACT: To be determined

ATTACHMENT: Request for Proposal to Conduct Hydrogen Sulfide Odor Investigation and Assessment on BWD Sewer Forcemain

EST. 1962

# **REQUEST FOR PROPOSAL**

# HYDROGEN SULFIDE ODOR REDUCTION INVESTIGATION

September 2016

Proposals Due: Wednesday, November 30 2016 at 3:00pm

# **Request for Proposal**

The Borrego Water District ("District") is requesting sealed proposals from interested Civil Engineering Consulting firms for design services for the Hydrogen Sulfide Reduction Investigation Project.

The District reserves the right to cancel this Request for Proposal at any time and for any reason without any liability to any proponent or to waive irregularities at their own discretion. The District reserves the right to accept or reject any or all bids, or any portion thereof.

# **Delivery Requirements**

Responses to this Request for Proposal shall be submitted in a sealed package addressed as below and clearly identifying the Consultant making the submission. The package must be marked as "CONFIDENTIAL – HYDROGEN SULFIDE REDUCTION INVESTIGATION." One original and four copies must be submitted by each vendor. The Consultant is liable for any of the costs incurred in preparing and submitting a proposal.

All proposals must be received by the District by the deadline stated below. Mail or deliver proposals to:

Borrego Water District Attention: General Manager 806 Palm Canyon Drive Borrego Springs, CA 92004

# **Deadline**

Questions regarding this Request for Proposal should be submitted by November 1, 2016 at 3:00 p.m., to Geoff Poole, General Manager, via email at <a href="mailto:geoff@borregowd.org">geoff@borregowd.org</a> or by phone at (760) 767-5806. Any questions received by the Borrego Water District that affect the Request for Proposal process will be issued as addenda by the Borrego Water District.

Responses to this Request for Proposal must be received by the Borrego Water District by Tuesday, November 30, 2016, at 3:00 p.m. Responses received after this date/time will not be considered. Postmarked date will not constitute timely delivery. Consultants are solely responsible for ensuring timely receipt of their responses.

# **Background**

The community is completely surrounded by the Anza-Borrego Desert State Park and plays host to hundreds of thousands of park visitors throughout the year. The community's population ranges

from less than 3,000 in summer months to over 8,000 in the height of the winter season. The northern portion of the community is almost entirely dedicated to agricultural production. About 4,000 acres are actively involved in the production of citrus and nursery stock, such as date palms.

Borrego Water District (BWD) is the water and wastewater agency that has jurisdiction over the source of recycled water. The Regional Water Quality Control Board oversees the BWD through its Waste Discharge Requirements (WDR) permit, Order R7-2007-0053.

Sewer service uses existing treatment facilities located in the southeastern area of the Valley adjacent to the Borrego Sink. Service is provided via a collection system extending from the treatment plant approximately 7.2 miles north along Borrego Valley Road, and west along Palm Canyon Drive to Montezuma Valley Road.

# **Existing Wastewater Treatment Facilities**

The existing wastewater treatment facilities (WWTF) includes a comminutor, parshall flume, grit chamber, an oxidation ditch, two secondary clarifiers, a flow equalization basin, three evaporation-percolation ponds, and sludge drying beds. The WWTF has a design capacity of 250,000 gallons per day (gpd).

Current flows into the Facility average approximately 60,000 gpd. During the summer, flows average approximately 20,000 gpd. Effluent from the treatment Facility is discharged to evaporation/percolation ponds. Sludge from the Facility is discharged to on-site drying beds for stabilization. The sludge is removed every four to five years for off-site disposal at a waste management facility approved by the Regional Board. The total treatment capacity of the WWTF is 250,000 gallons per day.

The WWTF services approximately 20 percent of the community of Borrego Springs. Specifically it serves the Rams Hill residential community and the Town Center area, which includes hotels, a motel, and small business along Palm Canyon Drive. The remaining 80 percent of Borrego Springs is serviced by individual septic tank-subsurface disposal systems.

# **Hydrogen Sulfide Gas Production**

The sewer is collected and flows by gravity to a pump station located along Borrego Valley Road, approximately 0.6 miles north of Tilting T Drive. The pump station was installed within the past 10 years. The raw sewage is pumped via a sewer forcemain approximately 2.8 miles to a point 150 feet north of Borrego Springs Road at Yaqui Pass Road. The sewer then flows by gravity inside the La Casa Del Zorro Resort property (located at 3845 Yaqui Pass Road in Borrego Springs, CA) via an 18" PVC gravity main owned by the District and then along Borrego Springs Road to the wastewater treatment plant located at 4861 Borrego Springs Road.

There has been a history of high hydrogen sulfide gas levels and odors detected at manholes located downstream of where the sewer force main discharges into the 18-inch gravity pipeline, at or near the La Casa Del Zorro Resort, especially during the high residency season (November through March)

and during holidays.

The La Casa Del Zorro Resort has recently installed P-traps upstream of multiple lateral service connections to the Borrego Water District sanitary sewer system. There have been fewer odor complaints since the P-traps have been installed. To be proactive in case the problem resurfaces, the District wishes to complete this Investigation.

Actions that the District has taken to date:

- The District completed a video inspection of the sewer main from the forcemain discharge point to the wastewater treatment plant. There are approximately 11 sewer laterals coming from the La Casa Del Zorro Resort.
- The District has been injecting a biologic into the wastewater, both at the gravity collection system miles upstream of the pump station and at the pump station wet well to reduce the hydrogen sulfide formation within the collection system and forcemain. This has had mixed results.
- The District has a Fats Oils and Grease (FOG) program in place.
- The District has sealed the manholes located at or near the La Casa Del Zorro Resort.

# **Project Description**

This project will Investigation the District sewer system to determine causes of hydrogen sulfide gas production and will provide options for long term solutions.

The Investigation shall include (but not limited to):

- Review of existing record drawing information as needed.
- Review of geographical conditions as it relates to odor complaints in proximity to the District's sewer system.
- Review of historical odor complaint information.
- Review of District historical hydrogen sulfide investigation information.
- Review of the District's Municipal Code related to waste water and FOG program.
- Analysis, including additional monitoring, of existing hydrogen sulfide levels.
- Analysis of existing temporary remedies and recommendations for alternative temporary remedies.
- List long term solution alternatives, including estimated costs, including capital costs and costs of ongoing operations and maintenance.
- Recommend an alternative to implement.
- Suggest modifications to the District's Municipal Code related to sewer force mains, gravity mains and lift stations - and the ongoing maintenance required.

# **Scope of Services**

All services shall be performed in accordance with all applicable State and District regulations and ordinances, including, but not limited to, the Professional Engineers Act.

- 1. The Consultant will, at a minimum, collect and review record drawings, conduct site visits as necessary, and attend coordination meetings with District staff as necessary.
- 2. The Consultant will prepare and submit a draft assessment report. This submittal shall include four (4) copies of the draft report.
- 3. Upon completion of the District's review, the Consultant shall incorporate all comments and provide the final report. This submittal shall include two (2) hard copies of the final report and electronic copies of all submittal documents in PDF format.
- 4. Two hard copies of the final report.
- 5. One CD with electronic copies of all final documents in PDF format.

### ADDITIONAL INFORMATION

The following files will be provided to the consultant that is awarded the project:

- Sewer system maps.
- The District's FOG program and codes.
- Video inspection of the sewer main from the forcemain discharge point to the wastewater treatment plant.
- Record Drawings of the pump station.
- Hydrogen Sulfide historical measurements at/near La Casa Del Zorro Resort.
- Specific information regarding the biologic being used by the District.
- Other information

# **Fee Proposal**

Submit a separate sealed fee proposal, based upon the above scope of services, including a statement of cost breakdown associated with each of the tasks as outlined in the project description.

# **Schedule**

Submit a schedule, based upon the scope of services.

# **Management Approach**

- The Consultant will work as a District consultant, and as such, will be perceived by the public as a District agent; therefore, the Consultant's staff must reflect the professionalism and courtesy of a public employee when dealing with the public.
- The Consultant will provide copies of all correspondence records and reports to the District, upon request.
- The Consultant will invoice the District for services rendered in a manner consistent with District standards.
- Consistent with the authority contained in the law, the Consultant shall have the decision authority consistent with and necessary for the timely and proper enforcement of the laws and ordinances assigned to the Consultant for enforcement, and such decisions shall be consistent with the wording of the regulations.
- The Consultant shall provide its own office space and clerical support at its sole cost and expense.

# **Consultant Requirements**

Insurance: If selected to provide the services described in this RFP, the Consultant shall be required to comply with the minimum insurance requirements set forth below:

Errors and Omissions Coverage: \$1 million dollars

Worker's Compensation, Coverage A Statutory

Commercial General Liability \$2 million dollars

# **Proposal Submission Format Requirements**

- A cover letter, of not more than one page, introducing the company and its desire to
  provide consultant services for the Hydrogen Sulfide Reduction Investigation project for
  the District. The cover letter should also include the company name and address, as well
  as the name, telephone number and email address of the individual authorized to
  represent the Consultant on all matters relating to this Request for Proposal. The letter
  must be signed by an individual authorized to bind the Consultant to all terms, conditions,
  and commitments made in the proposal.
- 2. A table of contents that clearly defines sections and includes page numbering.
- General information about the firm, including the size of the organization, location of the offices, years in business, organization chart, name of owners, names of principal parties, and information regarding any associations of which the Consultant and its staff are members.
- 4. Names and qualifications of staff proposed for the assignment, their position in the firm, and types and amount of experience. A description of how overall supervision will be provided should also be included.
- 5. A description of your standard method of compensation, including charges for reimbursable expenses and personnel hourly billing rates.
- 6. A detailed description of the scope of work as outlined in the "Scope of Services" section contained in this document, including timelines and deliverables.
- 7. A proposed schedule for the preparation of the Investigation.
- 8. At least three references, including contact names and telephone numbers of clients for which prior services have been provided. Emphasis should be placed on California clients and local government clients.
- 9. Consultant should detail what it expects and requires of the District in order to effectively perform the services outlined in this Request for Proposal.
- 10. A detailed cost proposal enumerating costs, as outlined in the "Fee Proposal" section of this document, in a separate sealed envelope.

# **Evaluation Criteria**

The District will review proposals and determine those that are responsive. The District will select a Consultant who, in its sole judgment, best suits the needs of the District. The evaluation criteria, which are neither weighted nor prioritized, include, but are not limited, to the following:

- 1. Demonstrated understanding of the services requested.
- 2. Prior experience performing similar work, with preference given to Consultants with experience working with government or California clients.
- 3. Qualifications of the firm and assigned individuals.
- 4. Acceptability and scope of service capabilities.
- 5. Fee structure and cost effectiveness of the proposal.

# BOARD OF DIRECTORS MEETING – SEPTEMBER 28, 2016 AGENDA BILL - II.C

September 22, 2016

TO: Board of Directors, Borrego Water District

FROM: Geoff Poole, General Manager

SUBJECT: AGENDA ITEM II.C: Request from Rams Hill for rate adjustment on proposed 20 af purchase during October 2016

**RECOMMENDED ACTION:** Direct staff on how to process request from Rams Hill (RH)

ITEM EXPLANATION: BWD has a Contract with Rams Hill that requires by May 15 of each year that BWD inform RH of its Surplus Water Capacity and inquire to see if RH wants to buy any of that water, at the Raftelis rate. Jerry sent an email to Bill Berkeley in May of this year as required and Bill said "I don't believe we will need any water this year". Rams Hill is now requesting 20 acre feet of water to be delivered throughout the month of October.

The Agreement does not include pricing under this scenario, so the options range from charging the retail water rate (approx. \$1,400/af), down to the Raftelis rate for 2015 adjusted. Mr Berkeley proposes to pay the 2015 Raftelis Rate plus 5% = \$674/af for the requested purchase of 20 af. Staff is requesting direction from the Board on how to proceed with this request.

In the past RH has requested water for over seeding and this process typically requires high flow. This year RH does not need high flows during the month and is requesting a continuous flow over the full 30 days in October. This change will minimize impact on BWD pumps and distribution system compared to giving RH the 20 acre feet at higher flow rates and in a shorter timeframe like in previous years.

**FISCAL IMPACT:** The revenue for 20 acre feet at the 2015 Raftelis Rate +5% is \$13,480 (\$674/af X 20 af).

**ATTACHMENTS:** None

# BOARD OF DIRECTORS MEETING – SEPTEMBER 28, 2016

### AGENDA BILL - II.D

September 22, 2016

TO: Board of Directors, Borrego Water District

FROM: Geoff Poole, General Manager

SUBJECT: AGENDA ITEM II.D: Public Information Plan for Fall 2016 & winter 2017 SUN Articles

**RECOMMENDED ACTION:** Authorize staff to initiate proposed Public Information Plan.

**ITEM EXPLANATION:** The need for extensive public outreach exists year in and year out at BWD, however when adding the issues such as SGMA compliance, new water and sewer rates, planned capital projects, the need has never been greater for a comprehensive Public Information Plan.

Currently, Wendy Quinn has created an Article summarizing the activities from the Board Meetings and other Articles are assigned on as needed basis. The most recent example of a new assignment for Wendy is the Article on Ray and Harry the Board requested at the last meeting.

As part of the GSP process, a recurring Article would be beneficial to keep the public updated on a monthly basis or more. Staff recommends continuing the articles created by Wendy as well as implementing new GSP articles in October 2016. Following is a partial list of future topics for the articles:

# **BWD-Related**

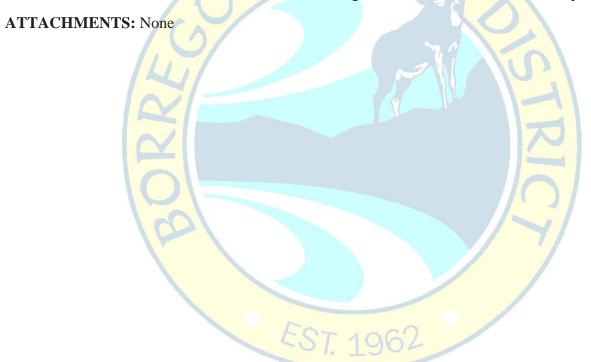

- 1. Monthly BWD Board Meeting summaries
  - a. (summary of both meetings published at the beginning of each month)
- 2. Reading and understanding BWD water meter and bill
- 3. Reading and understanding BWD sewer bills
- 4. Meet new Board member Harry Ehrlich and returning Board member Ray Delahay
- 5. Meet other Borrego Water District Board members
- 6. District is spending over \$1 million dollars on capital improvements this year
- 7. Project updates and schedules as needed

# SGMA-Related

- 1. Explain reasons for water rates increased and why they will get higher in the future
- 2. Why and how the Sustainable Groundwater Management Act may be a boon to the Borrego economy
- 3. What is in the RFP to develop a Groundwater Sustainability Plan for the Borrego Basin
- 4. Job of the Citizen's Advisory Committee for developing the Groundwater Sustainability Plan for the Borrego Basin
  - 5. Politics and economics of potable water under the SGMA.

FISCAL IMPACT: The annual cost for article writing is estimated at \$750 (30 articles per year).

BORREGO WATER DISTRICT (BWD) OPERATIONS & MAINTENANCE (O&M) MEETING SUMMARY OF 8-25-16 AND 9-16-16 PREPARED FOR BWD BOARD MEETING OF 9-28-16

8-25-16 ATTENDEES – GEOFF POOLE, GREG HOLLOWAY, RAY DELAHAY, JOE TATUSKO

AS THERE ARE NEW AND OR IN A NEW ROLE BWD STAFF EMPLOYEES GEOFF PRESENTED A SUMMARY SHEET (O&M REPORT PAGE 3) OF GREG HOLLOWAY INTERVIEWS OF DAVID DALE BWD ENGINEER AND TREY DRISCOLL, SENIOR HYDROGEOLOGIST OF DUDEK OF EXISTING AN POSSIBLE NEW O&M & CIP 2016/2017 PROJECTS. DAVID AND GREG WORKED ON (O&M REPORT PAGE 3) TREY'S SUMMARY IS ON THIS PAGE AS WELL AT THE BOTTOM AND HIS SUMMARY (O&M REPORT PAGE 7). RAY AND JOE PRESENTED A STATE PROP 1 GRANTS SUMMARY (O&M REPORT PAGE 4,5,6).

NEW AND OF SIGNIFIANCE IS THE LA CASA SEWER GAS STUDY DISCUSSION. THE O&M \$250 K BUDGET AND CIP BUDGET OF \$1.2 MILLION ARE STILL TRACKING PER THE APPROVED 2016/2017 BUDGET.

9-16-16 ATTENDEES – GEOFF POOLE, GREG HOLLOWAY, KIM PITTMAN, DAVID DALE, RAY DELAHAY AND JOE TATUSKO

DAVID DALE SUBMITTED A PROPOSAL FOR THE LA CASA TECHNICAL EVALUATION AND ANALYSIS TO BE SUBMITTED TO APPROPRIATE SEWER ENGINEERING COMPANIES. (SEE AGENDA ITEM) RAY AND JOE RECOMMEND THIS REQUEST FOR QUOTE.

JOE TATUSKO SUBMITTED AN O&M/CIP PROJECT SUMMARY SHEET TO CAPTURE ON A SINGLE SHEET THE PROJECT DESCRIPTION, PROCESS FLOW WITH KEY MILESTONES, LABOR ESTIMATE FOR INTERNAL WORK, MATERIAL ESTIMATE FOR INTERNAL AND EXTERNAL WORK, OUTSIDE

CONTRACTORS ESTIMATE AND THE PROJECT TIMELINE. THIS WILL BE PROVIDED FOR BWD BOARD MEMBERS AND THE RATEPAYRERS.(O&M REPORT PAGE 8)

ALSO DISCUSSED WAS THE REQUEST FOR QUOTE FOR CAD WATER DISTRIBUTION TO STORAGE TANKS TO ENSURE THE SYSTEM IS ROBUST FOR FRESH WATER DELIVERY AND STORAGE IN THE EVENT A WELL(S) ARE TAKEN OUT OF SERVICE. (O&M REPORT PAGE 9)

THE 800 TANK REPLACEMENT WITH 2 OPTIONS WAS PRESENTED BY DAVID AND GREG. (O&M REPORT PAGE 10)

FINALLY A REVISED 2016/2017 FRESH WATER AND WWTP CIP SUMMARY WAS REVIEWED AND WORK COMPLETED NOTED (O&M REPORT PAGE 11)

THE O&M AND CIP CURRENT STATUS IS MEETING THE APPROVED 2016/2017 BUDGET.

THE NEXT O&M MEETING IS SCHEDULED FOR 10-14-16 TO DISCUSS POTENTIAL COST SAVING TARGETS FOR THE O&M BUDGET AND CURRENT PROJECTS IN WORK AND STATE PROP 1 GRANT STATUS.

#### Borrego Water District (BWD) Request For Quote

The Borrego Water District requests a quote to verify current BWD Computer Aided Design (CAD) model to as is physical configuration and update as needed by the BWD Engineer. The updated configuration will be used to optimize the fresh water distribution through piping to fresh water storage tank(s) and to the rate payers in the event a well(s) is out of service for any reason. Provide a optimized redundant fresh water distribution system considering water pressure, elevation, and demand need, recommend any possible needed new storage tanks location(s) and size and cost as well as local new well location(s) based on BWD geographic knowledge and USGS information and potential cost to implement in the future. Lastly, provide a cost for well head treatment if needed due to non-compliance at any of the 9 active production wells. Please provide a technical cost estimate for the deliverables below:

- 1) BWD CAD model update as required by BWD Engineer.
- 2) Optimize a redundant CAD concept to minimize disruption of service should a well and or storage tank is taken out of service.
- 3) Evaluate the need for any new storage tank(s) to supplement the system robust delivery.
- 4) System description for potential well head treatment due to clean water non-compliance.

Revision 9-20-16 JAT

#### TANK REPLACEMENT PRELIMINARY ESTIMATES

							15/2016			
ALTERNATIVE 1 - 800 Tank Replacement										
No.	Qua	Unit	Description		Unit Cost	To	otal Cost			
1 Construction Cost										
1.00	1,700	LF	Install 12-inch PVC pipe	\$	60.00	\$	102,000			
1.01	750	LF	Install 8-inch PVC pipe to connect Booster pump to Rams Hill	50.00	\$	37,500

#### **BORREGO WATER DISTRICT**

#### BOARD OF DIRECTORS MEETING – SEPTEMBER 28, 2016 AGENDA BILL - VI.C

September 22, 2016

TO: Board of Directors, Borrego Water District

FROM: Geoff Poole, General Manager

SUBJECT: AGENDA ITEM VI.C: Informational Review of 5-year Capital Improvement Plan – David Dale

**RECOMMENDED ACTION:** Receive update on 5-year CIP from David Dale

**ITEM EXPLANATION:** The Operations and Maintenance Committee has been working with Staff and David Dale on the 2016-17 CIP as well as the 5-year Plan. David will attend the meeting to provide the Board with an update on the projects currently listed in the CIP for the next 5 years.

FISCAL IMPACT: David's report will include the estimated cost on each project

ATTACHMENTS: None at this time. At the O and M meeting last week, Director Tatusko provided David with the outline of a Project Description Sheet and David intends to work on the new forms this week and have the new forms completed for the Meeting. If Staff receives the information before the Meeting, it will be immediately distributed.

EST, 1962

#### **BORREGO WATER DISTRICT**

#### BOARD OF DIRECTORS MEETING – SEPTEMBER 28, 2016 AGENDA BILL - VI.D

September 22, 2016

TO: Board of Directors, Borrego Water District

FROM: Geoff Poole, General Manager

SUBJECT: AGENDA ITEM VI.D: Draft Borrego Valley Groundwater Basin GSP Presentation

**RECOMMENDED ACTION:** Informational review

**ITEM EXPLANATION:** As part of the initial stages of the GSP Public Outreach efforts, BWD and County staff will be making the rounds in Borrego Springs to explain the SGMA/GSP requirements as well as what is really at stake if we fail. A PowerPoint Presentation is being developed for this purpose.

EST. 1962

**FISCAL IMPACT:** None associated with this specific Action.

**ATTACHMENTS:** None at this time. Staff will distribute the Draft Presentation early next week.
