

**Borrego Water District Board of Directors  
Audit & Budget Standing Committee  
April 29, 2025 @ 9:00 a.m.  
806 Palm Canyon Drive  
Borrego Springs, CA 92004**

This meeting is to be held in person at the address above.

- I. OPENING PROCEDURES**
  - A. Call to Order
  - B. Pledge of Allegiance
  - C. Committee Members Roll Call: President Dice, Director Moran
  - D. Approval of Agenda
  - E. Comments from the Public & Requests for Future Agenda Items (may be limited to 3 min)
  - F. Comments from Directors
  - G. Correspondence Received from the Public
  
- II. ITEM FOR AUDIT & BUDGET COMMITTEE CONSIDERATION AND POSSIBLE ACTION**
  - A. Budget Package Template Review – J. Clabaugh
  - B. FY26 Budget by Fund v2.0 – J. Clabaugh
  - C. Cash Balances Review – J. Clabaugh
  
- III. CLOSING PROCEDURE: Next Committee Meeting - TBA**

AUDIT & BUDGET COMMITTEE AGENDA: April 29, 2025

All Documents for public review on file with the District's secretary located at 806 Palm Canyon Drive, Borrego Springs CA 92004. Any public record provided to a majority of the Board of Directors less than 72 hours prior to the meeting, regarding any item on the open session portion of this agenda, is available for public inspection during normal business hours at the Office of the Board Secretary, located at 806 Palm Canyon Drive, Borrego Springs CA 92004.

The Borrego Springs Water District complies with the Americans with Disabilities Act. Persons with special needs should call Geoff Poole at (760) 767 – 5806 at least 48 hours in advance of the start of this meeting, in order to enable the District to make reasonable arrangements to ensure accessibility.

If you challenge any action of the Board of Directors in court, you may be limited to raising only those issues you or someone else raised at the public hearing, or in written correspondence delivered to the Board of Directors (c/o the Board Secretary) at, or prior to, the public hearing.

## **BORREGO WATER DISTRICT**

June 14, 2024

TO: Ratepayers and Investors of the Borrego Water District  
FROM: Geoff Poole, General Manager  
SUBJECT: Strategic Objectives 2024-25

### **STRATEGIC GOALS AND OBJECTIVES 2024-25**

#### **Maintain/Enhance District Financial Condition:**

GOAL: Operate BWD Finances to enhance the Financial Position/Creditworthiness and allow for possible future BWD debt issuances.

OBJECTIVE: The BWD Board/Staff have taken extraordinary steps over the past decade or so to first stabilize and then improve BWD Financial Condition. The effects of this hard work were realized when BWD successfully issued \$5.6 M in Bonds to fund various water and sewer improvements in 2018 and \$3M in additional debt in 2021. At the same time, the foundation was also being set to improve upon BWD Reserve Funds, which has resulted in the current position of \$7 M+ in reserves. BWD is committed to maintain water and wastewater rates/charges and reserve fund balances that provide the required debt service coverage ratios and other economic factors. BWD staff and Board will monitor water and wastewater Operations and Capital Planning to ensure all expenditures are prudent and necessary.

Recent purchases of water rights that are needed for existing BWD customers in the future, will put a strain on cash reserves during the next 7 to 10 years. Reserves are expected to dip below \$2 M in FY2027 which is approximately ½ of current levels. Non-essential capital expenses are being deferred to help preserve cash and the BWD Board will have an opportunity to adjust rates in three years during the next Prop 218 cycle if needed to address the low cash flow. Even at 50% of current reserve levels, BWD is still in a position to cover all expenses and debt service payments, and maintain contractually required reserves.

#### **Replace/Upgrade Water and Sewer Infrastructure:**

GOAL: Commit the necessary resources to fund replacement of aging water and sewer infrastructure before failure.

OBJECTIVE: Out of BWD's 88-mile water system, an estimated 45 miles is in need of replacement as soon as possible. Beginning in 2018, a systematic pipeline replacement process begun and to date, De Anza, Flying J, Country Club, Bending Elbow, Double O Rd. and Frying Pan Rd. have been replaced using BWD Bond proceeds. The Board and Staff has been focusing on obtaining State and Federal funding for these vital projects.

**Pursue Grant Funding:**

GOAL: Pursue additional Federal and State funding, as available. Maximize the use of Federal and State Grant and other funding sources to offset future rate increases and/or maintain cash reserves.

OBJECTIVE: Utilize Legislative Advocates to strategize and pursue Federal/State and other funding opportunities. Use in house staff to complete the Applications on selected opportunities. BWD has made the Federal Direct Congressional Spend lists again for Legislators Butler, Padilla and Issa and if approved would fund up to \$3.3 M for additional pipeline replacements in and around Palm Canyon Drive and towards the High School.

**Protect BWD Interests in Watermaster:**

GOAL: A major accomplishment in 2019-20 was realized with the signing of The Settlement Agreement and Stipulated Judgment by over 92% of Basin pumpers. With the Judgment came the creation of the Borrego Spring Basin Watermaster. BWD and its Representatives will engage in the Watermaster process with the best interest of BWD ratepayers, community and environment in mind.

OBJECTIVE: Various potential future Watermaster actions could have a significant impact upon BWD ratepayers, community and environment including water quality degradation and other factors. BWD and its representatives on the Watermaster will continue to focus on ensuring actions taken by the Watermaster do not adversely and unfairly impact BWD and the community or the surrounding environments.

## **BORREGO WATER DISTRICT**

June 14, 2024

TO: Ratepayers and Investors of the Borrego Water District  
FROM: Geoff Poole, General Manager  
SUBJECT: 2023-24 In Review

Transmitted herewith is the Proposed Final Fiscal Year 2024-25 Budget and Capital Improvement Plan with Cash Flow analysis for the Borrego Water District. The consolidated budget was prepared in compliance with the laws of the State of California and reflects the Board of Directors' (Board) goals/priorities and the District's strategic plans by which to achieve them.

### **2023-24 IN REVIEW**

**Capital Project Construction/Start Up:** A number of Capital Projects were completed and or started up in 23-24 including new tanks at formerly Twin Tanks site, Indian Head and Rams Hill #2. In addition, BWDs newest well 5-15 received power and was connected to BWDs system. New Monitoring Wells at the Wastewater Treatment Plant

**Farmland Following:** BWD continues to coordinate with David Bauer on his efforts to fallow farms prior to transferring the land and water rights to BWD. After only 18 months, almost half of the total acreage has been fallowed.

**Finances:** In the past decade plus, BWD has taken significant steps to become "credit worthy" which was taken advantage of thru the issuance of \$5.3 M in bonds in 2018. In 2021, BWD and its Consultants determined interest rate decreases since 2018 created a situation where a refinance would be possible to reduce future bond payments by approximately \$500,000 during the life of the loan. Bids were requested and Capital One Bank responded with a rate of 2.36% on refinance of the 2018 bonds as well as new debt of \$3 M which will be used for capital and other asset acquisition.

**Rate Setting:** BWD staff continues to monitor revenue and expenditures and long-range projections in anticipation of the upcoming Proposition 218 Rate Setting process for water and sewer rates and charges in 2027. As required by Law, a comprehensive financial model will be created to project revenue and expenses in 5-year increments and rates set to provide the revenues needed to fund operations and capital. In the current 218 structure adopted in 2022, annual increases of 5% per year were approved for water and 4% on sewer for years 2 thru 5 (0% in year one).

**Cyber Security Upgrades:** During 2022-24 BWD continued to make cyber security a top priority and is utilizing the expertise of BWD Board Members, staff and IT experts, and has taken steps

Commented [GP1]: JESS: Can you help with this one?  
CYBER

usually reserved for the larger agencies. Specifically, BWD has hardened its network at the WWTP and SCADA systems to ensure security in times of remote work and BWD has enlisted the Department of Homeland Security's Cybersecurity and Infrastructure Security Agency (CISA) to perform cyber risk and vulnerability assessments on OT systems in FY24.

Water Supply for Small Development Program Continues: A Program to provide water for small development (less than one acre foot per year) and implementation continued in 23-24. Under the terms of the Program, water supply may be purchased from BWD as well as water service line and meter installation. During 2023-24, 2.2-acre feet were applied for with .55-acre feet purchased under the Program.

Commented [GP2]: JESS: Plz check with DDB

#### Grant Funding: Federal Funding

In the last 36 months, BWD has received over \$9 M in State Grants and Direct Federal Congressional Appropriations funding to replace pipelines mentioned previously as well as replacement of 4 water storage tanks: Twin Tanks (2), Indian Head and Rams Hill #2. BWD continues to pursue other opportunities. Federal Funding in the FY 23-24 Budget totaled \$3.3 M for the Sun Gold development in Borrego Springs Road. The following year another \$3.3 M was approved for Deep Well, Lazy S and Club Circle. In FY 24-25,

Watermaster: The Borrego Springs Watermaster has taken steps to ensure all non de minimus (less than 2-acre feet per year) pumpers are metered and annual pumping restrictions imposed to reduce pumping by an estimated 74.6% on or before 2040. The BWD budget for 2024-25 includes expenditures for its proportional share of Watermaster expenses (approx. 10%).

No Major Service Disruptions: No extensive, unplanned water or sewer service outages were experienced during the year and the water delivered met all State Quality Requirements.

No Loss Time Injuries: No loss time employee injuries were encountered during the year.

Election of Board Members: Directors Dice and Duncan ran unopposed in 2022 and ex CA State Park Superintendent Gina Moran was appointed to a four-year term.

#### **Budget Components for FY 2024-25 – Revenues**

The amount budgeted in each category represents Management's best assumptions to successfully accomplish the District's objectives. A summary of the FY 2024-25 budget is below:

- Water sales are projected to remain stable (FY 2023-24 = 1,420 afy). Staff is continuously monitoring changes to consumption and payments and potential impacts to BWD and customers.
- BWD will proceed with the Prop 218 approved increases on July 1, 2024 of 5% for water and 4% for sewer.

Commented [GP3]: Whats the new afy?

- Property tax revenues are expected to remain constant and within BWD’s legal authority to assess.

**Budget Components for FY 2024-25 – Expenses**

- In FY 2024-25, BWD has included projected expenses for Watermaster and general Groundwater Management.
- All existing programs in BWD Operations, Maintenance and Administration Departments are fully funded through 2024-25. The major programs in the Water Operations Department include system operations and maintenance, water quality monitoring, meter testing/replacement, pipeline replacement, reporting and the inevitable emergency pipeline repairs that happen each year.
- In the Sewer Operations Department, BWD will fully operate the “renovated” WWTP and assist in analyses to calculate gallons per day per equivalent dwelling unit and inventory and analysis of current EDUs assigned to each account.
- In the Administration Department, all programs are fully funded.

Included in this Budget Package are the proposed Board Resolution to adopt and approve the FY 2024-25 Budget, detailed revenue and expenses, Capital Improvement Plan with project explanations and justifications, non-CIP expenses and a projected Cash Flow that includes proposed future rate increases.

I would personally like to thank the BWD staff and Board for their hard work in preparing and reviewing this Proposed Budget for FY 2024-25.

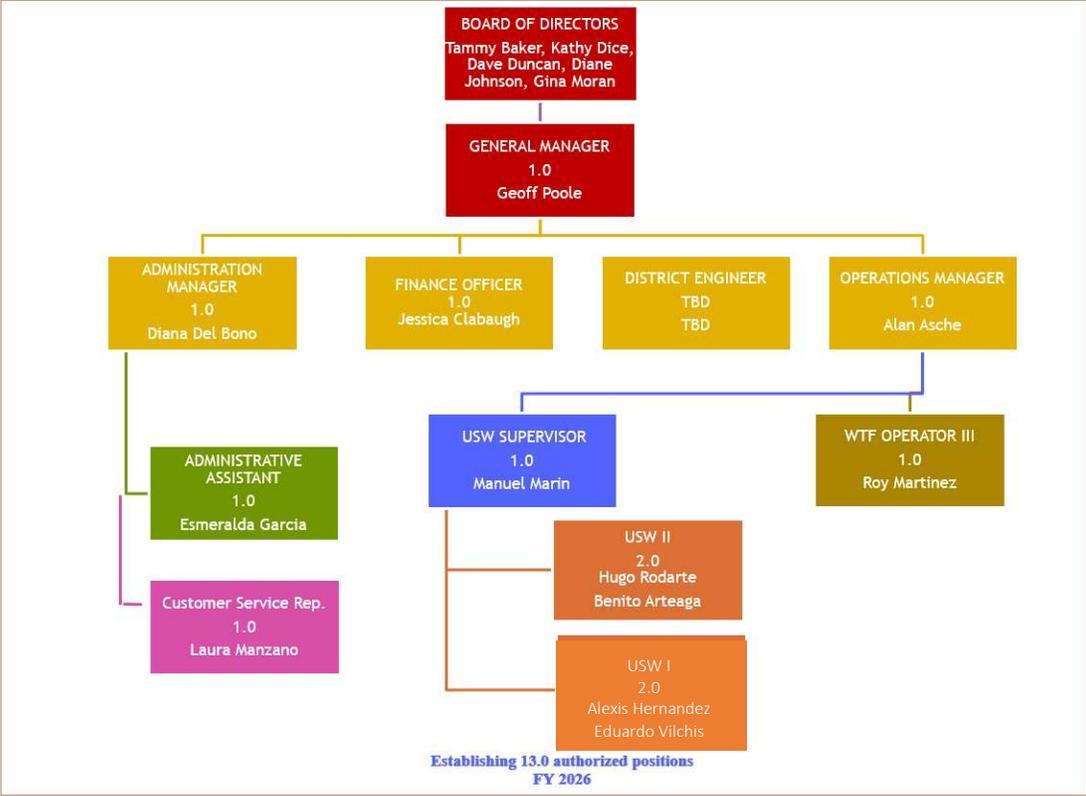

Sincerely,

Geoff Poole  
General Manager

## **BORREGO WATER DISTRICT**

June 14, 2024

TO: Ratepayers and Investors of the Borrego Water District  
FROM: Geoff Poole, General Manager  
SUBJECT: Fiscal Year 2024-25 Budget and Capital Improvement Plan

Transmitted herein is the Proposed Final Fiscal Year 2024-25 Budget and Capital Improvement Plan for the Borrego Water District. The consolidated budget was prepared in compliance with the laws of the State of California and reflects the Board of Directors' (Board) goals/priorities and the District's strategic plans by which to achieve them. The amount budgeted in each category represents Management's best assumptions to successfully accomplish the District's objectives.

### Budget Comparison for FY 2024-25 Revenues

Water sales are projected to be similar to the prior fiscal year. In 2021, The BWD Board adopted a water and sewer rate schedule that included 5% water and 4% sewer rates/charges increase for the next four years.

### Budget Components for FY 2024-25 Expenses

All expenses for FY 2024-25 have been re-evaluated in an effort to ensure expenses are considering current inflation, supply shortage and other factors.

All existing programs in BWD Operations, Maintenance and Administration Departments are fully funded through 2024-25. The major programs in Water Operations Enterprise include system operations and maintenance, water quality monitoring, meter testing/replacement, Regulatory Reporting and the inevitable emergency repair that happen each year and Capital projects. Labor costs include cost of living adjustments based on the CIP-U for San Diego of 5.3%.

All existing programs in BWD Wastewater Department are fully funded through 2024-25. The major programs in Wastewater Enterprise include collection system and treatment plant operations, wastewater quality monitoring and Regulatory reporting. Capital projects planned include metering of the Rams Hill inflows and in-depth analysis of EDU situation as described previously.

In the Administrative Department, all programs are fully funded.

P.O. Box 1870 • 806 Palm Canyon Drive • Borrego Springs, CA 92004 • (760) 767-5806 • Fax: (760) 767-5994

Included in this Budget Package are the proposed Board Resolution to adopt and approve the FY 2024-25 Budget, detailed revenue and expenses, Capital Improvement Plan with Project explanations and justifications, Non-CIP expenses and projected Cash Flow that includes proposed future rate increases. I would personally like to thank the BWD staff and Board for their hard work and dedication displayed throughout the current Fiscal Year.

Sincerely,

Geoff Poole

**GRANT SUMMARY**  
**Awarded and Pending Applications**

<b>PROJECT</b>	<b>FUNDING ENTITY</b>	<b>VALUE</b>	<b>TIMING</b>	<b>STATUS</b>
FY25 Appropriations Act – Deep Well, Verbena/Cloudy Moon/Circle J	Federal/EPA	\$3.6M	Request pending to waive 20% cost share for SDAC. Awaiting final implementation guidance. Work expected to begin in FY27.	Award pending.
FY24 Appropriations Act – Club Circle, Deep Well, East/West Star, Santiago Pipelines	Federal/EPA	\$3.6M	Request pending to waive 20% cost share for SDAC. Awaiting final implementation guidance. Work expected to begin in FY26.	Awarded.
FY23 Appropriations Act – Sun Gold Pipeline Replacement & Borrego Springs Road Transmission Main	Federal/EPA	\$3.39M	Work expected to begin in FY25.	Awarded. SDAC Waiver Approved.
Water Storage Tank Replacement (Twin, Rams Hill 2, Indian Head)	CA Drinking Water Grants	\$2,786,006 \$3,249,694	Work in progress. Bids higher than expected. Budget adjustment pending. Reimbursement Grant. First Disbursement Expected FY24	Awaiting final reimbursement less TT expected after land swap.
Wilcox Well Diesel Engine Replacement	CA Drinking Water Grants	\$100,000	Concurrent with Water Tank Replacement	Awaiting final reimbursement.
Prop 68 – WWTP Monitoring Wells	DWR	\$206,500	Reimbursement Grant. Disbursements expected to begin in FY24.	Awarded/In Progress
Prop 68 – Advanced Metering Infrastructure (AMI)	DWR	\$1.3M	Reimbursement Grant. Disbursements expected to begin in FY24.	Awarded/In Progress
Prop 68 – Admin	DWR	\$250,000	Reimbursement Grant. Disbursements expected to begin in FY24.	Awarded/In Progress
COVID-19 Wastewater Arrears Grant	DDW/ Waterboards	\$64,333	Received & Applied to Customer Accounts FY23	Awarded & Complete
COVID-19 Water Arrears Grant	DDW/ Waterboards	\$43,756	Received & Applied to Customer Accounts FY22	Awarded & Complete
WWTP Upgrade	CA Clean Water Grants	\$788,912	Reimbursement Grant received FY22 & FY23	Awarded & Complete

Air Quality Study	Borrego Valley Endowment Fund	\$21,766	Received in FY22	Contributed to share cost in FY22
Prop 1 SDAC Grant	DWR	\$232,398	Support for Well ID4-9. Reimbursement Grant Received FY2021	Awarded & Complete

## APPENDIX A: CIP PROJECT SUMMARIES

The following table shows the summary of the 2025-2035 projects. The CIP projects are described in detail on the following pages.

<b>CASH FUNDED CIP</b> .....	18
<b>#1: Upgrades to Booster Station #5</b> .....	19
<b>#2: Country Club Tank Recoating</b> .....	19
<b>#3: Pipeline Replacement Projects</b> .....	21
<b>#4: Water Supply Acquisition</b> .....	21
<b>#5: Emergency Pipeline Repairs</b> .....	22
<b>#6: Manhole Replacements/Refurbishments</b> .....	22
<b>GRANT FUNDED CIP</b> .....	22
<b>#7: Advanced Metering Infrastructure (AMI)</b> .....	22
<b>#8: DWR Prop 68 Grant Administration</b> .....	23
<b>#9 a) &amp; b): Borrego Springs Road Pipeline Replacement</b> .....	23
<b>#10 a) &amp; b): Sungold Pipeline Replacement</b> .....	23
<b>#11: West &amp; East Star Pipeline Replacement</b> .....	24
<b>#12: Club Circle Water &amp; Sewerline Replacement</b> .....	24
<b>#13: Palm Canyon/Ocotillo Circle/Lazy S Pipeline Replacements</b> .....	24
<b>#14: Deep Well Pipeline Replacement</b> .....	25
<b>#16: Verbena/Circle J/Cloudy Moon Pipeline Replacements</b> .....	25
<b>#17: WWTP Oxidation Ditch</b> .....	25
<b>#18: WWTP Equalization Basin</b> .....	26
<b>#19: New Production Well</b> .....	26
<b>BOND FUNDED PROJECTS</b> .....	27
<b>#20: Future Water Supply Acquisition</b> .....	27
<b>#21: Well 5 Transmission Main Project</b> .....	27
<b>#22: Water Treatment Facility</b> .....	27

## CASH FUNDED CIP

### **#1: Upgrades to Booster Station #5**

PROPOSED BUDGET: \$125,000 cash in FY25

#### DESCRIPTION

Booster Pump Station 5 pumps water to the Indian Head Tank. If Well 18 is inoperative, Booster Pump Station is used. It will need to be upgraded for capacity in the future.

### **#2: Country Club Tank Recoating**

PROPOSED BUDGET: \$250,000 in FY29

#### DESCRIPTION

The Country Club Tank is located approximately 1-½ mile west of the intersection of Tilting T and Borrego Springs Road (S3). The tank has a capacity of 1.0 million gallons and is composed of coated steel. The California Department of Health Services requires the District to physically inspect the inside of the domestic water reservoirs every three years. This service is performed by a consultant that utilizes divers and provides a written report as well as a video. The tank was constructed approximately 17 years ago. The tank is in good condition currently, but it is anticipated that it will need to be recoated.

#### PROJECT DESIGN/ADMINISTRATION

After the inspection report is delivered and the tank needs recoating, the District Engineer will prepare engineering documents and the project will be sent out for public bidding with Board approval.

Based on experience, it is estimated that a recoating will be needed in 2029. The actual date of recoating will be determined following the periodic video inspections. Following is the estimated schedule based on this timeline:

Dive Inspection:	February 2029
Receive Dive Inspection Report:	March 2029
Engineering/design completion:	March 2029 – April 2029
Project Bidding:	April 2029 – May 2029
Repair Recoat Tank:	June 2029 – July 2029

#### COST DETAIL

Without a recent dive inspection, an accurate cost estimate is difficult because the number of metal repairs necessary is unknown. Experience with past projects gives an approximate cost estimate of \$250,000 to recoat and repair the tank.

#### IMPACTS OF DEFFERAL

Following completion of planned inspections, the magnitude of the corrosion will be known and a plan to repair developed. Deferral of the necessary maintenance could lead to increased repair costs or the need for replacement of the Reservoir completely before the end of its useful life.

Item	Quan	Unit	Description	Unit Cost	Amount
1	1	LS	Mobilization/ Demobilization, Temporary Facilities, Construction Sign, Insurance, Payment Bond, Taxes, Permits, Fees and Similar Expenses	\$22,500	\$ 22,500
2	18,800	SF	Sandblast Complete Interior Including Columns, Rafters, Appurtenances, Exterior Roof Coatings to SSPC-SP 10. Remove and Legally Dispose of Spent Blast Material.	\$ 3.75	\$ 70,500
3	1	LS	Remove and replace metal components as necessary	\$ 3,500	\$ 3,500
3	18,800	SF	Recoat Interior Surfaces. This Item to be Considered Lump Sum Unless the Area is Shown to be Materially Different than shown.	\$ 5.10	\$ 95,880
4	1	LS	Coating Inspection and Testing	\$ 3,500	\$ 3,500
5	1	EA	Replace Manway Gasket	\$ 750	\$ 750
6	1	LS	Hydrostatic Testing, VOC Testing, Disinfection of Tank, Bacteriological Testing	\$ 3,800	\$ 3,800

Construction Subtotal: \$200,430  
Contingency (10%): \$ 20,043  
Subtotal Construction: \$220,473

Engineering/Contract Document Preparation \$ 20,000  
Construction Inspection: \$ 9,527  
Total Project Estimate: \$250,000

Country Club Tank Location

### #3: Pipeline Replacement Projects

PROPOSED BUDGET: \$438,500 cash in FY31  
 \$190,000 cash in FY32

#### DESCRIPTION

The District’s water distribution system is aging. Some parts of the distribution system were installed in the 1960’s and are starting to reach their life expectancy. The pressure in the system is over 100psi in many areas. Each year there are water pipe breaks that the District repairs. The CIP has included these costs as routine repairs each year. The District’s water distribution system was piecemealed together over time as the District took over smaller Districts in the area. The smaller pipelines were interconnected in partial measures. The District has identified three pipeline replacement projects that should be implemented for a more dependable system. The water pipe lines have service laterals that would be replaced to the property lines.

#### PROJECT DESIGN/ADMINISTRATION

These projects will be designed by a professional engineer in the State of California. After design is complete, the projects will be put out to bid. The lowest responsible bidder will be awarded the project. These pipelines are in need of replacement within the next three years.

#### COST DETAIL

Estimates were derived using pipeline lengths and cost per unit length. Not enough information is available to do a detailed analysis at this time.

- Flying H Road Pipeline – Proposed Construction FY31 – Estimate \$188,500
- Walking H/Double O Pipeline – Proposed Construction FY31 – Estimate \$250,000
- El Tejon Road Pipeline – Proposed Construction FY32 – Estimate \$190,000

#### IMPACTS OF DEFFERAL

Potential devastating water pipeline breaks; disruption in water service for prolonged periods; unreliable water service. The projects should be completed as shown in the above timeline due to the frequency of water pipeline breaks which cause lack of service to the District’s customers.

### #4: Water Supply Acquisition

PROPOSED BUDGET: \$4,356,600 FROM CASH FY23 to FY30

Fiscal Year	FY23	FY24	FY25	FY26	FY27	FY28	FY29	FY30
BPA Purchase	\$ 721,188	\$ 344,916	\$ 344,916	\$ 344,916	\$ 344,916	\$ 344,916	\$ 344,916	\$ 344,916
Fallowing	\$ -	\$ 489,169	\$ 124,738	\$ 195,668	\$ 80,713	\$ 80,713	\$ -	\$ -
Well Conversions	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -	\$ 125,000	\$ 125,000
Total Annual Cost	\$ 721,188	\$ 834,085	\$ 469,654	\$ 540,584	\$ 425,629	\$ 425,629	\$ 469,916	\$ 469,916

#### DESCRIPTION

The District has been strategically planning to purchase Water Supply (BPA) in order to be able to serve its customers thru the end of the rampdown period ordered under the basin adjudication. Under the Judgement, purchased lands must be fallowed prior to assigning the BPA to BWD’s customer supply. BWD has entered into a multi-year Purchase and Sale Agreement to acquire land with water rights that total: 1,826 + 670 = 2,496 AF BPA. Included

with this purchase are nine wells that will either need to be abandoned or converted to monitoring wells at a cumulative estimated cost of \$250,000.

**PROJECT DESIGN/ADMINISTRATION**

An initial purchase was completed in full in FY23 from William Bauer. In FY24 the District entered into a 7 year agreement with David Bauer. The District expects to have approximately 250 acres followed by the end of FY25.

**COST DETAIL**

To assist with cash flow, The District was able to get some following costs in FY24 included in the Prop 68 following project. The District is currently seeking additional ways to finance the remainder of the PSA. In addition, since some parcels are along the State Park and Coyote Creek, the District is also searching for land restoration grants.

**IMPACTS OF DEFFERAL**

The District had originally planned it's BPA purchases to being in FY27. However, it is prudent for the District to commence these transactions ASAP to maintain costs and to take advantage of market availability.

**#5: Emergency Pipeline Repairs**

PROPOSED BUDGET: \$63,000 cash in FY24

**DESCRIPTION**

Each year there are a number of breaks and leaks on District pipelines. This budget sets aside sufficient cash each year for operations staff to respond and repair.

**#6: Manhole Replacements/Refurbishments**

PROPOSED BUDGET: \$52,267 cash in FY25

**DESCRIPTION**

The District acquired Improvement District 5 (ID-5) in 2008. Club Circle is part of ID-5, and the infrastructure therein was installed in 1960's. Manholes have deteriorated in this area and should be rehabilitated or replaced as necessary.

**GRANT FUNDED CIP**

**#7: Advanced Metering Infrastructure (AMI)**

PROPOSED BUDGET: \$1.3M Prop 68 grant in FY23-25

**DESCRIPTION**

The Borrego Water District serves just over 2,000 residential water customers whose water meters are manually read on a monthly basis. A grant has been awarded to upgrade all meters to "smart" meters that will provide remote, real-time reads. In addition to reducing meter reading labor hours, AMI will be valuable tool to aid in leak detection and water conservation efforts.

**PROJECT DESIGN/ADMINISTRATION**

The project was awarded to Metron-Farnier in January of 2024 and is in the pilot program stages at the end of FY24. Full implementation is expected to be completed by December of 2024. The grant eligible period runs thru March 30<sup>th</sup>, 2025.

This is a unique project for the District as it includes creation of an AMI cellular network in addition to endpoint (smart meter) installation.

### **#8: DWR Prop 68 Grant Administration**

PROPOSED BUDGET: \$250,000 Prop 68 grant in FY23-25

#### DESCRIPTION

DWR has awarded a total of \$6.3M to the Borrego Water District and a number of sub-grantees to complete projects basin wide to aid in meeting the objectives of the Groundwater Management Plan. Due to BWD being the eligible applicant on the grant, the District is responsible to administer all projects and to be the point of contact between DWR and the subgrantees.

#### PROJECT DESIGN/ADMINISTRATION

Grant administration includes working with subgrantees to ensure they comply with the terms of the grant and to compile and submit to DWR all progress reports, reimbursement requests and deliverables due under the grant. BWD has chosen to do this work in-house utilizing existing finance and administration staff.

### **#9 a) & b): Borrego Springs Road Pipeline Replacement**

PROPOSED BUDGET: a) \$912,406 Grant funded thru 2023 Appropriations Act  
b) \$228,102 Cash Funded 20% Cost Share

#### DESCRIPTION

Aging infrastructure leads to costly emergency repairs and threatens continuity of service to BWD customers. The District has prioritized pipeline replacements according to age and propensity to leaks. This project is to replace the 10” transmission main on Borrego Springs Road. It will also include replacement of all valves, service laterals and hydrants along the line.

#### PROJECT DESIGN/ADMINISTRATION

Working with BBK’s advocacy team, BWD was able to submit this project request for congressional funding thru Representative Darrell Issa and Senator Alex Padilla. This project was awarded thru the 2023 Appropriations Act to be administered thru the EPA. BWD is currently awaiting next steps from the EPA. By default, Appropriation projects require 20% fund matching from the agency. BWD has submitted a request for a waiver of the 20% self-funding requirement due to the District’s SDAC status.

### **#10 a) & b): Sungold Pipeline Replacement**

PROPOSED BUDGET: a) \$2,488,260 Grant funded thru 2023 Appropriations Act  
b) \$ 622,065 Cash Funded 20% Cost Share

#### DESCRIPTION

Aging infrastructure leads to costly emergency repairs and threatens continuity of service to BWD customers. The District has prioritized pipeline replacements according to age and propensity to leaks. This project is to replace approximately 11,400 LF of 6" C900 Pipe in the Sungold neighborhood. It will also include replacement of all valves, hydrants and about 86 service laterals along the lines.

#### PROJECT DESIGN/ADMINISTRATION

Working with BBK's advocacy team, BWD was able to submit this project request for congressional funding thru Representative Darrell Issa and Senator Alex Padilla. This project was awarded thru the 2023 Appropriations Act to be administered thru the EPA. BWD is currently awaiting next steps from the EPA. By default, Appropriation projects require 20% fund matching from the agency. BWD has submitted a request for a waiver of the 20% self-funding requirement due to the District's SDAC status.

### **#11: West & East Star Pipeline Replacement**

PROPOSED BUDGET: \$450,000 Grant Funded in FY26

#### DESCRIPTION

Aging infrastructure leads to costly emergency repairs and threatens continuity of service to BWD customers. The District has prioritized pipeline replacements according to age and propensity to leaks. This project is to replace approximately 4,500 LF of 6" C900 Pipe on West Star Road & East Star Road. It will also include replacement of all valves, hydrants and about 26 service laterals along the lines.

#### PROJECT DESIGN/ADMINISTRATION

Working with BBK's advocacy team, BWD has submitted this project request for congressional funding thru Representative Darrell Issa and Senator Alex Padilla. The intent is to receive funding thru the 2024 Appropriations Act to be administered thru the EPA.

### **#12: Club Circle Water & Sewerline Replacement**

PROPOSED BUDGET: \$2,286,000 Grant Funded in FY26

#### DESCRIPTION

Aging infrastructure leads to costly emergency repairs and threatens continuity of service to BWD customers. The District has prioritized pipeline replacements according to age and propensity to leaks. This project is to replace all water and sewer lines in the Club Circle neighborhood. It will also include replacement of all valves, hydrants and about 26 service laterals along the lines.

#### PROJECT DESIGN/ADMINISTRATION

Working with BBK's advocacy team, BWD has submitted this project request for congressional funding thru Representative Darrell Issa and Senator Alex Padilla. The intent is to receive funding thru the 2024 Appropriations Act to be administered thru the EPA.

### **#13: Palm Canyon/Ocotillo Circle/Lazy S Pipeline Replacements**

PROPOSED BUDGET: \$872,800 Grant Funded in FY26

DESCRIPTION

Aging infrastructure leads to costly emergency repairs and threatens continuity of service to BWD customers. The District has prioritized pipeline replacements according to age and propensity to leaks. This project is to replace the oldest water lines along Palm Canyon, Lazy S and Ocotillo Circle. It will also include replacement of all valves and hydrants.

PROJECT DESIGN/ADMINISTRATION

Working with BBK’s advocacy team, BWD has submitted this project request for congressional funding thru Representative Darrell Issa and Senator Alex Padilla. The intent is to receive funding thru the 2024 Appropriations Act to be administered thru the EPA.

**#14: Deep Well Pipeline Replacement**

PROPOSED BUDGET: \$2,250,000 Grant Funded in FY26

DESCRIPTION

Aging infrastructure leads to costly emergency repairs and threatens continuity of service to BWD customers. The District has prioritized pipeline replacements according to age and propensity to leaks. This project is to replace approximately 13,6000 LF of 6” C900 Pipe in the Deep Well neighborhood. It will also include replacement of all valves, hydrants and about 74 service laterals along the lines.

PROJECT DESIGN/ADMINISTRATION

Working with BBK’s advocacy team, BWD has submitted this project request for congressional funding thru Representative Darrell Issa and Senator Alex Padilla. The intent is to receive funding thru the 2025 Appropriations Act to be administered thru the EPA.

**#16: Verbena/Circle J/Cloudy Moon Pipeline Replacements**

PROPOSED BUDGET: \$1,383,000 Grant Funded in FY26

DESCRIPTION

Aging infrastructure leads to costly emergency repairs and threatens continuity of service to BWD customers. The District has prioritized pipeline replacements according to age and propensity to leaks. This project is to replace the oldest water lines along Verbena, Circle J and Cloudy Moon. It will also include replacement of all valves and hydrants.

PROJECT DESIGN/ADMINISTRATION

Working with BBK’s advocacy team, BWD has submitted this project request for congressional funding thru Representative Darrell Issa and Senator Alex Padilla. The intent is to receive funding thru the 2025 Appropriations Act to be administered thru the EPA.

**#17: WWTP Oxidation Ditch**

PROPOSED BUDGET: \$650,000 Grant Funded in FY27

DESCRIPTION

In 2021, Dudek prepared for the District a Technical Memorandum titled Rams Hill WWTF Capacity Analysis and Cost Estimates for Facility Replacement and Expansion Alternatives. The memo indicates “bottlenecks” in the design that are hindering the plant’s ability to operate

at the design capacity of 250 MGD. One of these bottlenecks is the Oxidation Ditch which was found to have a current, in use TKN treatment capacity of 55lb per day where design criteria was assumed to be 63lb per day. Under this constraint, the District can only connect an additional 104 EDUs to the plant. Replacement of the Oxidation Ditch will result in the ability to add additional EDUs and aid in bringing the plant to design capacity.

#### PROJECT DESIGN/ADMINISTRATION

The planning for this project is very preliminary and additional studies will need to be done to finalize a more accurate cost and scope of work. DWR has indicated that there is most likely grant funding available for this type of project. Collaborating with Dudek, BWD intends to determine a final scope of work and cost estimate.

### **#18: WWTP Equalization Basin**

PROPOSED BUDGET: \$650,000 Grant Funded in FY27

#### DESCRIPTION

In 2021, Dudek prepared for the District a Technical Memorandum titled Rams Hill WWTF Capacity Analysis and Cost Estimates for Facility Replacement and Expansion Alternatives. The memo indicates “bottlenecks” in the design that are hindering the plant’s ability to operate at the design capacity of 250 MGD. One of these bottlenecks is the Equalization Basin which was found to have a current, in use capacity of 58,150 GPD where design criteria was assumed to be 121,500 GPD. Expansion of the Equalization Basin will result in the ability to add additional EDUs and aid in bringing the plant to design capacity.

#### PROJECT DESIGN/ADMINISTRATION

The planning for this project is very preliminary and additional studies will need to be done to finalize a more accurate cost and scope of work. DWR has indicated that there is most likely grant funding available for this type of project. Collaborating with Dudek, BWD intends to determine a final scope of work and cost estimate.

### **#19: New Production Well**

PROPOSED BUDGET: \$2,500,000 Grant Funded in FY35

#### DESCRIPTION

A new production well may need to be installed in the next five years. Wells ID1-8, and ID1-10 cannot be rehabilitated again and falling groundwater levels are contributing to the problem.

#### PROJECT DESIGN/ADMINISTRATION

Dudek prepared a report “Draft Working Technical Memorandum” dated June 16, 2017 that describes three separate Subbasin within the BWD service boundary. The report identifies that the Central Management Basin has the best chance for water that meets the requirements of California Code of Regulations (CCR) Title 17 and Title 22.

The BWD has already initiated preliminary review of potential new sources of supply in the Borrego Springs Subbasin and will further identify strategic sources of supply that meet Title 22 potable drinking water quality requirements.

Once a site has been selected, an exploration phase will commence. If the water quality and depth is acceptable, the land will be acquired for the wellsite and the well will be constructed to municipal standards.

Due to the fact that certain BWD wells have reached the end of their useful life, it is imperative to investigate and construct the replacement well before any existing well fails. BWD is confident that it will be able to obtain future grant funding for this project.

### **BOND FUNDED PROJECTS**

#### **#20: Future Water Supply Acquisition**

PROPOSED BUDGET: \$2,000,000 Bond Funded in FY35

##### DESCRIPTION

The District has been strategically planning to purchase Water Supply (BPA) in order to be able to serve its customers thru the end of the rampdown period ordered under the basin adjudication. Upon commencement of Water Supply Acquisitions listed in CIP Items NO. 6 & 27, the District will still be about 1,000 AF of BPA short to supply its customer base with overproduction estimated to being around 2049. The District will need to be on the lookout for additional opportunities to purchase BPA.

#### **#21: Well 5 Transmission Main Project**

PROPOSED BUDGET: \$1,215,000 Bond Funded in FY35

##### DESCRIPTION

Well ID5-5 is expected to require a new, dedicated transmission main in the future. Planning for this project does not need to commence for about 8-10 years, but the District has put it on the CIP as a placeholder for a future project.

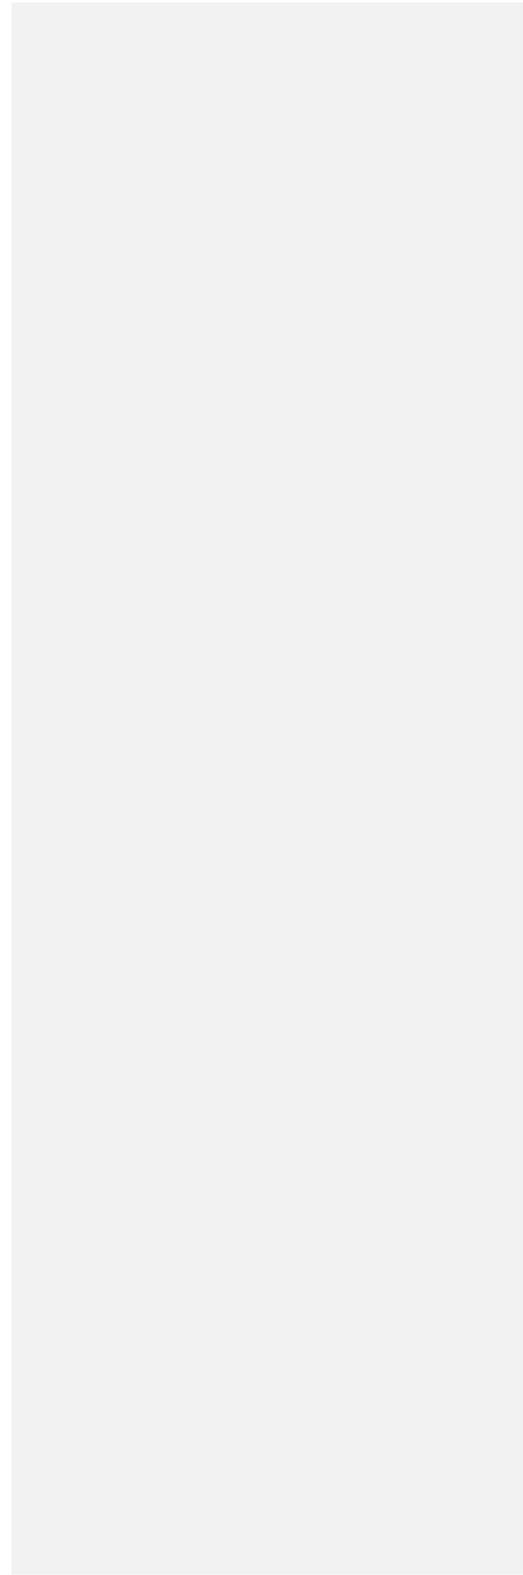

#### **#22: Water Treatment Facility**

PROPOSED BUDGET: \$2,000,000 Bond Funded in FY35

##### DESCRIPTION

Due to increasing levels of nitrates and TDS in a few wells in the valley, BWD anticipates it will need to conduct some level of water treatment in the future. The District is in the early stages of a Water Quality Study by Intera. This study is intended to assess current level and trends of COCs and to implement thresholds to determine when and what types of treatment will be necessary.

Due to the likeliness that some level of water treatment will be required, BWD has included this project as a future Bond Funded CIP item in FY35. Project costs are highly speculative and since there is no immediate risk of water contamination in BWD Production wells, it is yet to be determined when and where future treatment will be necessary based on the factors outlined above.

## APPENDIX B: WATER SUPPLY PURCHASE

**Description:** Explanation and Description of current and future Water Supply Purchase

On January 30, 2020, pursuant to California Water Code (CWC) Sections 10733.6 and 10737.4, BWD submitted to the California Department of Water Resources (DWR) a proposed Stipulated Judgment (Judgement) for the Borrego Springs Groundwater Subbasin (Subbasin) including a Groundwater Management Plan (GMP), constituting a *Physical Solution* for DWR's review and approval to serve as an alternative to a Groundwater Sustainability Plan (GSP) for the Subbasin in compliance with the California 2014 Sustainable Groundwater Management Act (SGMA).

The pumpers of the Subbasin representing approximately 92% of annual Subbasin extractions agreed to a Settlement of water rights also applied to the California Superior Court (Court) for a Judgement. Until the Court approves the Judgement, the Subbasin pumpers have agreed to implement the *Physical Solution* under an interim Watermaster Board.

The objective of the Judgement is to assign Baseline Pumping Allocations (BPAs) to Subbasin pumpers that will be reduced on an annual basis to collectively not exceed the sustainable yield of the Subbasin by no later than 2040. The result of this means of achieving SGMA requirements is that BWD will be required to purchase BPA from other Subbasin pumpers to meet the water demand needs of existing BWD customers. For this reason, BWD spent about \$760,000 in FY23 and began in FY24 a 7-year Installment purchase valued at \$3.75M to acquire a combined total of 2,490 BPA. The District anticipates that it will require another BPA purchase of approximately \$2M in FY35. These amounts are included in CIP projections.

**RESOLUTION NO. 2024-06-01**

**RESOLUTION OF THE BOARD OF DIRECTORS OF THE BORREGO WATER DISTRICT APPROVING THE OPERATIONS, MAINTENANCE, CAPITAL IMPROVEMENTS AND GROUNDWATER MANAGEMENT BUDGETS FOR FISCAL YEAR 2024-2025**

**WHEREAS**, the Board of Directors has reviewed and considered the Budget as presented for Fiscal Year 2024-2025 hereinafter referred to as the “Budget” which is attached hereto and incorporated by reference, and

**WHEREAS**, the Budget provides a comprehensive plan of financial operations for the District including an estimate of revenues and the anticipated requirements for expenditures, appropriations, and reserves for the forthcoming fiscal year, and

**WHEREAS**, the Budget establishes the basis for incurring liability and making expenditures on behalf of the District.

**NOW, THEREFORE, BE IT RESOLVED** by the Board of Directors of the Borrego Water District, that the Budget and each and every part thereof, is hereby approved and adopted for the Fiscal Year 2024-2025

**PASSED, ADOPTED AND APPROVED** at a regular meeting of the Board of Directors of the Borrego Water District held on June 25, 2024

\_\_\_\_\_  
Kathy Dice  
President of the Board of Directors  
Of Borrego Water District

ATTEST:

\_\_\_\_\_  
Dave Duncan  
Secretary/Treasurer of the Board of Directors  
Of Borrego Water District

STATE OF CALIFORNIA )  
                                  ) ss.  
COUNTY OF SAN DIEGO )

I, Dave Duncan, Secretary of the Board of Directors of the Borrego Water District, do hereby certify that the foregoing resolution was duly adopted by the Board of Directors of said District at a regular meeting held on the 25<sup>th</sup> of June, 2024, and that it was so adopted by the following vote:

AYES: DIRECTORS:  
NOES: DIRECTORS:  
ABSENT: DIRECTORS:  
ABSTAIN: DIRECTORS

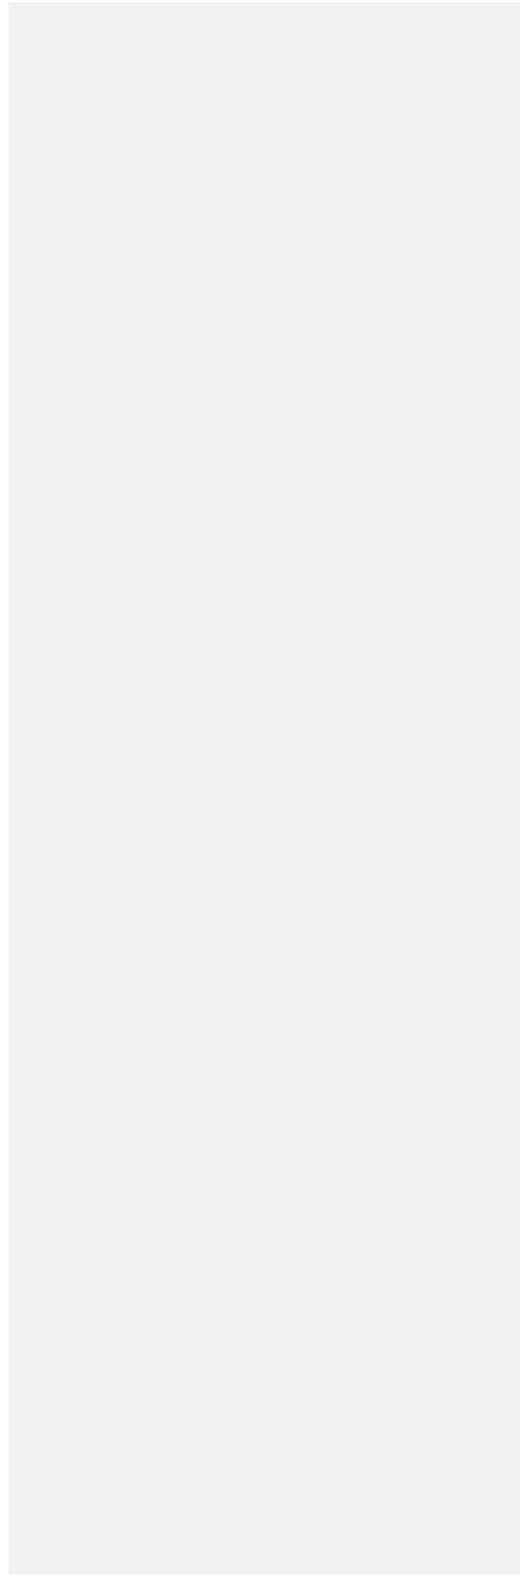

\_\_\_\_\_  
Secretary of the Board of Directors of Borrego  
Water District

STATE OF CALIFORNIA )

**ITEM II. C.**

April 25, 2025

To: Audit & Budget Committee

From: Jessica Clabaugh, Finance Officer

Subject: Budget Effects on Cash Balances

**RECOMMENDED ACTION**

Discuss and make suggestions for next version. No official action.

**ITEM EXPLANATION**

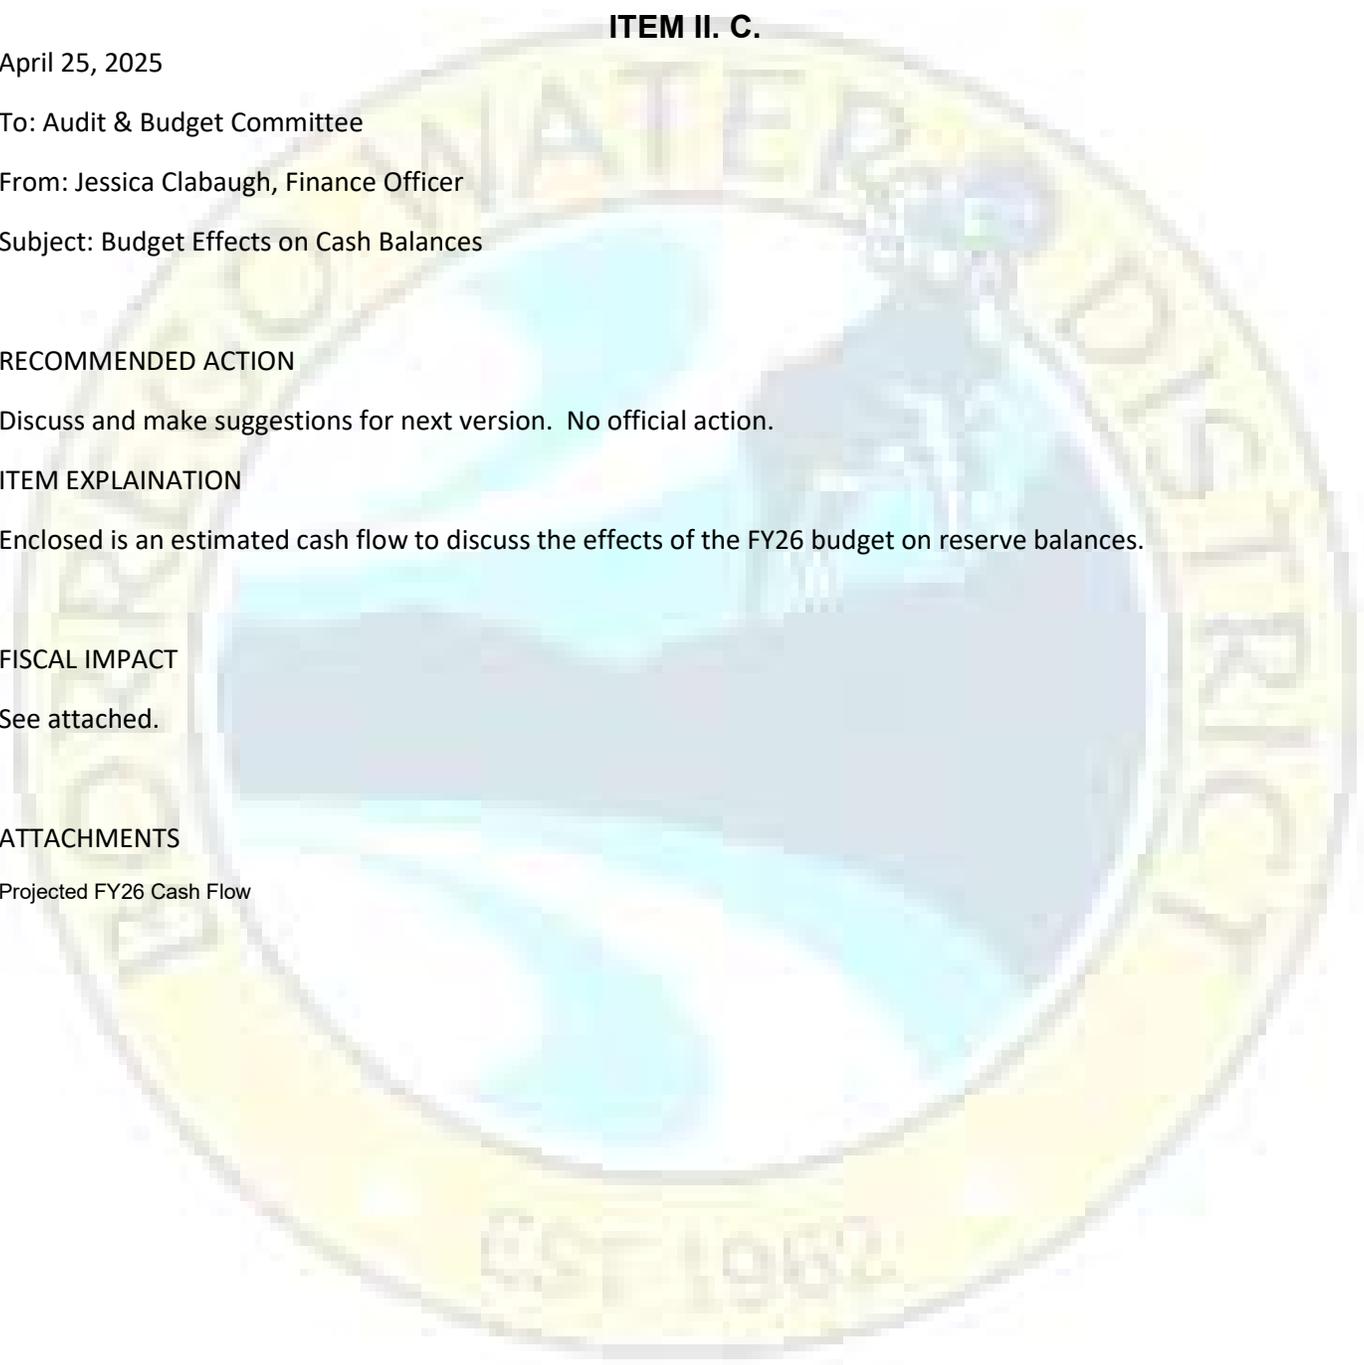

Enclosed is an estimated cash flow to discuss the effects of the FY26 budget on reserve balances.

**FISCAL IMPACT**

See attached.

**ATTACHMENTS**

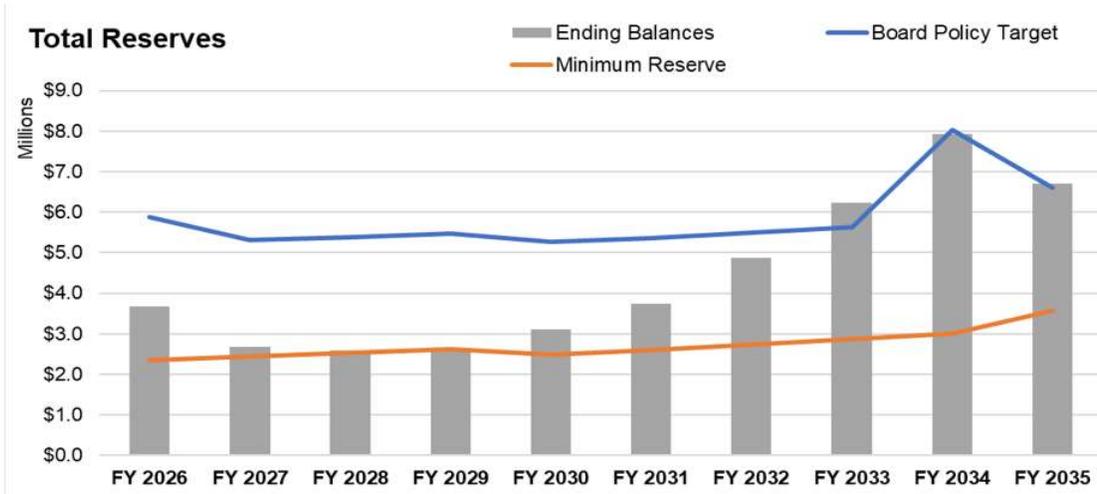

Projected FY26 Cash Flow

BWD Cash Flow Assumptions  
Thru 06/30/2026  
4/25/2025

<u>Cash Balance @ 03/31/2025</u>	<u>\$3,475,879</u>
Net Cash Received thru Operations by 06/30/25	\$41,605
Cash Payments for CIP April thru June 2025	(\$130,000)
Prop 68 Reimbursement Invoice 7 (expected May)	\$902,820
<u>Estimated Cash Balance @ 06/30/2025</u>	<u>\$4,290,304</u>
Net Income from Operations FY26	\$1,286,483
Less Debt Service Payments FY26	(\$834,722)
Less CIP Cash Payments FY26 (includes WB)	(\$1,506,162)
Prop 68 Reimbursement Invoices 8 thru 10	\$600,000
Twin Tank Reimbursement	\$979,000
<u>Estimated Cash Balance @ 06/30/26</u>	<u>\$5,721,065</u>
