MSC: Brecht/Baker filing the Draft Rate Study and approving the Prop 218 Notice. The roll call vote was unanimous.

B. Late Fee Assessment Rate Adjustment: Diana Del Bono explained that in 2016, the Board adopted a late fee of 10 percent of the water bill or \$15, whichever is greater. Bills between one cent and \$150 are charged a minimum of \$15, and these are usually due to clerical errors. She proposed removing the \$15 minimum and just charging 10 percent on the delinquent balance. **MSC: Brecht/Johnson approving the proposed late fee assessment rate adjustment. The roll call vote was unanimous.**

C. Borrego Springs Basin Interim Watermaster:

1. **Update on Activities.** Director Duncan reported that the WMB was working on the draft budget for the next water year. Another issue is, now that the Judgment has been signed, there are pumpers with BPAs that did not sign the agreement, and some that signed the agreement but have not paid their fee. The WMB needs to remind them of the metering and fee requirements. They will also hear a report from the TAC and review a draft Agenda for the Environmental Working Group.

III. BOARD AD-HOC COMMITTEE

A. Proposition 218 Outreach Committee: Mr. Poole presented a proposed schedule for Proposition 218 outreach. The next event will be the virtual Town Hall Meeting on May 20, and a list of topics was included. Covered subjects will be Prop 218 issues, the rate structure and the impact of the Stipulated Judgment. Mr. Poole will confirm Steve Anderson's and Kevin Kostiuk's availability. Director Baker suggested presenting updates to various local organizations, and Director Johnson offered to check with Rotary to see if they could include it in their May 19 meeting. President Dice noted that *Borrego Sun* articles were continuing in each issue. Discussion followed regarding how to publicize the Town Hall Meeting, and Director Johnson agreed to provide distribution lists used by the COVID Task Force.

IV. STAFF REPORTS

A. Water and Sewer Revenue Update: Jessica Clabaugh reported that water revenue was 15 percent higher for April than last year's, and water consumption was up 35 percent. The three-year average remains consistent. The District had 18 new customers in April. Billings totaled \$282,000, and just under \$240,000 has been received. Past due bills over 30 days increased by 11 percent.

B. Solarization of BWD Wells: Mr. Poole reported that a representative from Baker Electric was coming out this afternoon to look at well sites for potential solar, particularly the new Well 5-15. Director Johnson suggested asking Syrus Devers if there are any grant opportunities coming up.

C. BBK Advocacy Kick Off Meeting: Mr. Poole reported that he, Directors Brecht and Johnson, David Dale and Ms. Clabaugh participated in a telephonic advocacy kick-off meeting with representatives of Best Best and Krieger. They discussed potential grant opportunities and the District's needs. An application has been submitted for assistance with the pipeline project, with letters of support from Supervisor Desmond and ABF.

V. CLOSED SESSION:

A. Conference with Legal Counsel – Significant exposure to litigation pursuant to paragraph (3) of subdivision (d) of Government Code Section 54956.9: (Two (2) potential cases):

B. Conference with Legal Counsel – Existing Litigation (BWD v. All Persons Who Claim a Right to Extract Groundwater, et al., San Diego Superior Court case no. 37-2020-00005776):

C. Property Disposal – Viking Ranch – Conference with Real Property Negotiators (Gov. Code Section 54956.8) Property APN: 140-303-0900 & 140-303-1100. 150 acres BWD Negotiator:

Geoff Poole Negotiating Parties: Geoff Poole, General Manager and Owner: Viking Ranch: Price and Terms of Payment Property Negotiations:

The Board adjourned to closed session at 10:20 a.m., and thereafter, the open session reconvened. There was no reportable action.

VI. CLOSING PROCEDURE

The next Board Meeting is scheduled for May 25, 2021, at 9:00 a.m. at Borrego Water District, 806 Palm Canyon Drive, Borrego Springs, CA 92004 – ELECTRONICALLY. There being no further business, the Board adjourned.

Staff is from the firm of West Yost. The Watermaster ensures that the Basin is operated sustainably, and BWD will continue to provide water and sewer service. BWD's costs are paid by its customers, and Watermaster costs are paid by BPAs. The meetings of both agencies are open to the public. The Judgment is currently pending DWR approval.

4. Proposition 218 Water and Sewer Rate Setting Process and Recommendations:

i. Revenue and Expenditure Projections & Current Rate Comparison. Jessica Clabaugh explained that the District must generate enough income to operate and maintain their system and invest in improvements. Rates must be sufficient to fund this. Customers are classified according to usage and cost of service. Proposition 218 requires rates to be proportional to and not exceed the cost of service. Notice of rate adjustment must be given, a public hearing held and an opportunity to protest. Raftelis has assisted the District with a cost of service and rate design study to determine revenue requirements for operations and maintenance, capital expense, debt service and reserves. A five percent increase in water rates is proposed in October and each July thereafter through 2026. Sewer rates would increase by four percent in July 2023 through 2026. Three tiers are proposed for water rates.

ii. 2022-2027 Rate Recommendations. Kevin Kostiuk reviewed the policy objectives, revenue stability and sufficiency, equity among classes, affordability and defensibility. The proposed rate structure includes a modified reserve policy and water system cost allocation, as well as future water and sewer rates. There would be three tiers for residential water rates, and different non-residential rates for commercial versus irrigation. Sewer rates would be standardized for all users. Mr. Kostiuk presented charts showing proposed fixed meter charges and rates for each tier. Rate components include groundwater supply, base and peaking.

5. Questions and Answers: In response to Rebecca Falk's question of whether residents had access to the Court relative to the Stipulated Judgment, Mr. Anderson explained that anyone could file a motion to intervene.

John Peterson inquired about Watermaster reports. Geoff Poole replied that the GMP has to be reevaluated every five years. Mr. Anderson added that anyone could submit comments to the WMB. Annual reports are available on line, and Borrego's last one was submitted April 1.

Gary Haldeman pointed out that although a five percent increase in water rates is proposed, most monthly bills will initially go down. Mr. Poole explained that the District is trying to keep the bills affordable for low water users and tie the rates to the cost of service.

6. Closing Comments: President Dice announced the public hearing on the proposed rates, July 13.

III. CLOSING PROCEDURE

The next Board Meeting is scheduled for May 25, 2021 to be available online. See Board Agenda at BorregoWD.org for details, Agenda information available at least 72 hours before the meeting. There being no further com

II. ITEMS FOR BOARD CONSIDERATION AND POSSIBLE ACTION

A. Waste Water Treatment Plant Change Order #1: Davis/Bacon Act Compliance (\$0 Cost): David Dale reported that the State had contacted Mr. Poole and requested additional language regarding the Davis/Bacon wage requirements in the wastewater treatment plant upgrade contract. **MSC: Brecht/Johnson approving Change Order #1 to the wastewater treatment plant upgrade contract regarding Davis/Bacon Act wage requirements, CA 2021-0001, 3/5/21, at no additional cost. The roll call vote was unanimous.**

B. Waste Water Treatment Plant Labor Compliance Consultant: Mr. Dale explained that the proposed labor compliance consultant for the wastewater treatment plant contract would be an additional cost. This is a highly specialized field, and it is important that the District is in compliance with all labor rules and prevailing wage requirements lest our State funding be at risk. Mr. Dale was familiar with the proposed consultant, Labor Compliance Consultants of Southern California, and he felt their quote of \$8,000 was reasonable. It would be covered by grant funds. **MSC: Brecht/Baker approving and awarding a Labor Compliance Consulting and Monitoring**

Services Contract to Labor Compliance Consultants of Southern California, LLC for the Wastewater Treatment Plant Rehabilitation Project in the amount of \$8,000.00, to be reimbursed from grant funds. The roll call vote was unanimous.

C. Interim Borrego Springs Subbasin Watermaster Board:

A. Update on Board Activities. Director Duncan requested that the word "Interim" be deleted from reference to the WMB, now that the Stipulated Judgment has been signed by the Judge. At the next meeting, the WMB will discuss the 21-22 budget. The current projected budget exceeded actual expenses, so there will be a reserve of approximately \$700,000.

B. Update on Technical Advisory Committee Activities. Director Duncan reported that the TAC will meet today at 1:00 p.m. Trey Driscoll should have a report for the BWD Board at its next meeting.

III. AD-HOC COMMITTEE REPORTS

Grant Funding: Director Johnson reported that she attended an event with Supervisor Desmond and his Chief of Staff. She discussed BWD's advocacy agreement with Best Best & Krieger and suggested sharing contact information among Syrus Devers and the advocates for Supervisor Desmond and the County. Mr. Poole will work with Director Johnson.

IV. MONTHLY FINANCIAL & OPERATIONS REPORTS

A. Financial Reports: April 2021: Ms. Clabaugh reported a total of \$6.8 million in the bank as of the end of April, including the remaining bond funds (\$800,000). Revenue for April was over \$401,000. Operating expenses were as usual. The SCADA project is nearly complete. There was an emergency repair on Palm Canyon Drive, costing just over \$1,100. There was a pump upgrade at Well 18. Bond funded projects include Well 5-15 and the pipeline project. A gravity main repair through Borrego Springs Resort cost \$82,000.

B. Water and Wastewater Operations Report: April 2021: Alan Asche reported that he had been spending a lot of time at Well 5-15. Work is continuing on the meters on Frying Pan and Double O. There was a main break yesterday. A video is planned for Well 11. Mr. Poole reported that the pilot hole at Well 5-15 was being enlarged, and the well casing will be delivered today.

C. Water Production/Use Records: March 2021: Mr. Poole reported there was a 12 percent increase in water sales compared to last year.

V. STAFF REPORTS

A. Administration: Diana Del Bono reported that the office was running smoothly. Staff is continuing to work with delinquent customers, and ten are on payment plans. The Prop 218 notices are being prepared for mailing. Ms. Del Bono explained that the CMTs, devices used to read meters, are old. She plans to look into replacing them. Director Baker asked that the 218 notice be sent to the Board members before distribution. Discussion followed regarding whether the notices should be sent to all property owners or just BWD customers. Mr. Poole will check with legal counsel, and Director Brecht asked to see the legal reasoning.

B. Engineering: David Dale reported that there had been no noise complaints regarding the Well 5-15 construction. The County has issued a permit for the Bending Elbow pipeline, and construction should begin in a week or two. Some long lead-time items have been ordered for the wastewater treatment plant upgrade, and staff is awaiting additional grant funding from the State. The La Casa Del Zorro pipeline is proceeding according to plan and within budget. The Twin Tanks and others are moving forward, and another survey will be performed to minimize impact on vegetation.

C. Operations: The operations report was covered in a previous item.

D. Wastewater: Roy Martinez reported that the wastewater treatment plant was running smoothly. Work is continuing on the new sewer line. Director Baker requested pictures of recent repairs.

E. General Manager:

An engineer from Baker Electric inspected Wells 4-9, 5-15 and 11 for potential solarization. Director Baker reported on pending AB 1139, which would reduce or remove tax incentives for residential solar. She will provide a copy to Mr. Poole.

For each charge, the same rates and methodology that were applied in FY 2020-2021 were used this year to determine the FY 2021-2022 charges. In addition, please refer to the annual administration reports for information regarding the FY 2021-2022 levy for Borrego Water District CFD Nos. 2007-1 and 2017-1.

Please see Exhibits A through D enclosed, which lists the assessor’s parcel numbers and levy amounts for each of the charges shown in the table above. Please note that this memorandum will be updated once the final 2021 County Assessor’s Roll becomes available from the County in July.

WATER AVAILABILITY STANDBY CHARGE (FUND 6415-01)

The funds raised by the Water Availability Standby Charge are used to pay for a share of the general administrative costs of the Borrego Water District. The levy is a per parcel charge applied to each parcel within the District except parcels within ID No. 1 (Ram's Hill) and ID No. 3 (Deep Well and La Casa del Zorro). The ID No. 1 share of administrative costs is collected through the ID No. 1 charge (Fund No. 6415-02) while ID No. 3 has a separate standby charge (Fund 6415-04).

The amount to be levied for the Water Availability Standby charge this year is calculated as follows: 3,605 parcels all of which are charged at \$22.80 per parcel for a total of \$82,194.00.

ID NO. 1 - WATER, SEWER AND FLOOD CONTROL (FUND 6415-02)

The funds raised by the ID No. 1 Water, Sewer, and Flood Control charge are used to pay for administration costs and water, sewer, and flood control services.

The amount to be levied for the ID No. 1 Water, Sewer, and Flood Control charge this year is calculated as follows: 679 parcels all of which are charged at \$66.00 per parcel for a total of \$44,814.00 and 27 other parcels charged at varying rates based on a study prepared by Raftelis Financial Consultants ("RFC") dated May 2, 2014 for a total of \$61,397.55.

The study describes the rationale for reducing the amount charged to certain non-residential parcels, golf course parcels, and other undeveloped parcels based on the current land use classifications of the parcels versus what was originally anticipated at the point of time that the availability charge was created.

As indicated in the study, RFC concluded that based on benefit, the amount charged to the parcels being charged \$66.00 per parcel should be increased and that the amount charged to the remaining 27 parcels should be decreased. However, since the District cannot increase a parcel's charge without going through a Proposition 218 ballot proceeding, the District has kept the \$66.00 per parcel charge unchanged from prior years and decreased the charge for the remaining 27 parcels beginning in FY 2015-2016.

PEST CONTROL STANDBY CHARGE (FUND 6415-03)

The funds raised by the Pest Control Standby charge are used to pay for eye gnat control services (not the biting gnat).

The amount to be levied for the Pest Control Standby charge this year is calculated as follows: 4,702 parcels all of which are charged at \$2.50 per parcel for a total of \$11,755.00 and three golf course parcels charged varying rates for a total of \$6,095.00.

ID NO. 3 WATER STANDBY CHARGE (FUND 6415-04)

The funds raised by the ID No. 3 Water Standby charge are used to establish reserves for system improvements related to the water wells and system storage. The amount to be levied for the ID No. 3 Water Standby charge this year is calculated as follows: 358 parcels all of which are charged at \$37.70 per parcel for a total of \$13,496.60 and one parcel owned by "LCDZ Investors" (formerly owned by "Copley Press") charged for a total of \$20,150.00.

INTRODUCTION

This report provides an analysis of the financial and administrative obligations of Community Facilities District No. 2007-1 ("CFD No. 2007-1") of the Borrego Water District (the "Water District"). The \$9,530,000 Series 2007 Special Tax Bonds (the "Series 2007 Bonds") were issued in June 2007 and have been in default since September 2011. The District and the bond owner agreed to remedy the default of the Series 2007 Bonds through a restructuring in which the Series 2007 Bonds were paid off and accrued interest and penalties, interest and other charges were waived and discharged forever. In addition, as a part of the restructuring, the lien for CFD No. 2007-1 was cancelled for certain property owned by the bond owner and such property was included in a new CFD called CFD No. 2017-1. In May 2017, the Water District issued \$1,100,000 Series 2017A Special Tax Refunding Bonds (the "Series 2017A Bonds") for CFD No. 2007-1 and \$10,300,000 Series 2017B Special Tax Refunding Bonds (the "Series 2017B Bonds") for CFD No. 2017-1. The Series 2017A and 2017B Bonds were issued for the purpose of defeasing and refunding the outstanding CFD No. 2007-1 Bonds. The outstanding Series 2007 bond amounts owed at the time of the restructuring was \$12,816,116, representing principal in the amount of \$9,320,000 (of which \$1,535,000 was past due) and accrued and unpaid interest in the amount of \$3,496,116. A total of \$1,416,116 in accrued and unpaid interest was waived and forever discharged.

CFD No. 2007-1 is a legally constituted governmental entity established under the Mello-Roos Community Facilities Act of 1982, (the "Act") as amended. The Act provides an alternative method for the financing of certain public capital facilities and services. Specifically, CFD No. 2007-1 is authorized to issue up to \$11,000,000 in bonds and has sold \$9,530,000 in bonds for purposes of refunding prior bonds issued by CFD No. 95-1 of the Water District, as well as by CFD No. 2007-1. The current outstanding principal is equal to \$925,000 as of August 2, 2020. The Series 2017A Bonds are scheduled to be paid off in year 2032. Pursuant to the Amended and Restated Rate and Method of Apportionment for CFD No. 2007-1 ("RMA"), the special tax shall be levied for a period not to exceed 40 years commencing in Fiscal Year 2007-2008. The RMA is included in Appendix C.

The bonded indebtedness of CFD No. 2007-1 is both secured and repaid through the annual levy and collection of special taxes from all property subject to the tax within CFD No. 2007-1. In calculating the special tax liability for fiscal year 2021-2022, this report examines the financial obligations of the current fiscal year and analyzes the level of development within CFD No. 2007-1.

As part of the restructuring, a majority of the taxable property located within Community Facilities District 2007-1 was released from the obligation to pay its CFD No. 2007-1 special taxes and was included in Borrego Water District Community Facilities District No. 2017-1. A Notice of Cancellation was recorded for such property on July 20, 2017. Only 88 lots of Developed Property (and certain exempt property) remain in CFD No. 2007-1. All property expected to be developed in the future has been included in CFD No. 2017-1. A map

showing the property remaining in CFD No. 2007-1 is included in Appendix A.

This report is organized into the following sections:

- **Section I:** Section I provides an update of the development status of property within CFD No. 2007-1;
- **Section II:** Section II analyzes the previous fiscal year's special tax levy and includes a discussion of delinquent special taxes;
- **Section III:** Section III determines the financial obligations of CFD No. 2007-1 for fiscal year 2021-2022; and
- **Section IV:** Section IV reviews the methodology used to apportion the special tax requirement between Developed Property and Undeveloped Property. A table of the 2021-2022 special taxes for each classification of property is included.

I SPECIAL TAX CLASSIFICATIONS AND DEVELOPMENT UPDATE

A Special Tax Classifications

The methodology employed to calculate and apportion the special tax is contained in a document entitled the Amended and Restated Rate and Method of Apportionment of the Special Tax. The Amended and Restated Rate and Method of Apportionment defines two primary categories of taxable property, namely "Developed Property" and "Undeveloped Property." The category of Developed Property is in turn divided into five separate special tax classifications based on the size of the lot or the use of the property. A table of the Developed Property special tax classifications is shown below.

Table 1: Developed Property Classifications

Land Use Class	Description
1	Residential Property (lot size >12,000 sq. ft.)
2	Residential Property (lot size <12,000 sq. ft.)
3	Commercial Property
4	Golf Course Property
5	Hotel/Motel Property

Developed Property is distinguished from Undeveloped Property by (i) the recordation of a final map for residential property, (ii) the issuance of a building permit for commercial property or hotel/motel property, and (iii) the determination of Golf Course Property. Specifically, property for which a final map was recorded or a building permit was issued as of January 1 will be classified as Developed Property in the following fiscal year.

B Development Update

Under the original boundaries, CFD No. 2007-1 encompassed approximately 3,140 gross acres of land in unincorporated San Diego County. After the cancellation of the lien for certain property in CFD No. 2007-1, CFD No. 2007-1 now encompasses approximately 997 gross acres. Of this amount, approximately 24 gross acres is considered Residential Property, while the remaining acreage consists of open space, streets, and other uses not subject to the special tax.

Property remaining in CFD No. 2007-1 includes a total of 88 residential lots that are within final subdivision maps and considered Residential Property. There is no property considered Golf Course Property, Commercial Property, or Hotel/Motel Property within CFD No. 2007-1. In addition, there are no parcels located in CFD No. 2007-1 that remain to be developed. The table below indicates the cumulative Developed Property, by class, within CFD No. 2007-1.

Table 2: Cumulative Developed Property

Class	Land Use	Number of Lots/SF/ Rooms/Acres
1	Residential Property (lot size >12,000 sq. ft.)	59 lots
2	Residential Property (lot size <12,000 sq. ft.)	29 lots
3	Commercial Property	0 square feet
4	Golf Course Property	0.00 acres
5	Hotel/Motel Property	0 rooms

II FISCAL YEAR 2020-2021 LEVY

The aggregate Special Tax levy for the property located within CFD No. 2007-1 for Fiscal Year 2020-2021 equaled \$115,689. As of May 20, 2021, \$112,541 in special taxes had been collected by the County resulting in a delinquency rate of approximately 2.72%.

III FISCAL YEAR 2021-2022 SPECIAL TAX REQUIREMENT

IV METHOD OF APPORTIONMENT

A Maximum Special Tax Rates

The amount of special taxes that CFD No. 2007-1 may levy is strictly limited by the maximum special taxes set forth in the Amended and Restated Rate and Method of Apportionment. The maximum special taxes for each classification of Developed Property, or the "Assigned Special Taxes," are specified in Table 1 of Section C of the Amended and Restated Rate and Method of Apportionment.¹

B Termination of Special Tax

The Special Tax shall be levied for a period not to exceed forty years commencing in fiscal year 2007-2008.

C Apportionment of Special Taxes

The special tax that is apportioned to each parcel is determined through the application of Section D of the Amended and Restated Rate and Method of Apportionment. Section D apportions the special tax requirement in five steps which prioritize the order in which Developed Property and Undeveloped Property are taxed.

The first step states that the special tax shall be levied against each parcel of Residential Property, Commercial Property, and Hotel/Motel Property at up to 100% of the assigned special tax. If the special taxes raised pursuant to the first step are less than the special tax requirement, then the second step is applied. The second step states that the special tax shall be levied against each parcel of Golf Course Property at up to 100% of the assigned special tax. If additional monies are needed, then the third step is applied. The third step states that the special tax shall be levied against all parcels of Undeveloped Property at up to 100% of the applicable maximum special tax per acre. Since there is no Golf Course or Undeveloped Property remaining in CFD No. 2007-1, the second and third steps are not necessary. The fourth and fifth steps are designed to accommodate changes in land use and are intended to be used only as a last resort.

Application of the maximum special taxes under the first step generates special tax revenues of \$115,689 from Residential Property, which is equal to the total fiscal year 2021-2022 Special Tax Requirement. To raise revenues sufficient to meet the fiscal year 2021-2022 Special Tax Requirement, special taxes will be levied at 100.00% of the Assigned/Maximum Special Taxes on Developed Property. The fiscal year 2021-2022 maximum and actual

¹Technically, Section C states that the maximum special tax for a parcel of Developed Property is equal to the greater of the rate set forth for the applicable Developed Property classification in Table 1 of Section C or "Backup Special Tax." The Backup Special Tax was established for the contingency of a shortfall in revenues resulting from significant changes in development densities. The contingency for which the Backup Special Tax was established does not exist and hence, all discussion of maximum tax rates focuses on the rates set forth for each classification of Developed Property in Section C of the Amended and Restated Rate and Method of Apportionment.

special taxes are shown for each classification of Developed Property and Undeveloped Property in the following table.

Table 4: Fiscal Year 2021-2022 Special Taxes for Developed Property and Undeveloped Property

Land Use Class	Description	FY 2021-2022 Maximum Special Tax	FY 2021-2022 Actual Special Tax

"Proportionately" means, for Developed Property, that the ratio of the actual Special Tax levy to the Assigned Special Tax is equal for all Assessor's Parcels of Developed Property. For Undeveloped Property, "Proportionately" means that the ratio of the actual Special Tax levy per Acre to the Maximum Special Tax per Acre is equal for all Assessor's Parcels of Undeveloped Property. For Taxable Public Property and Taxable Property Owner Association Property, "Proportionately" means that the ratio of the actual Special Tax levy per Acre to the Maximum Special Tax per Acre is equal for all Assessor's Parcels of Taxable Public Property or Taxable Property Owner Association Property, as applicable.

"Public Property" means, for each Fiscal Year, any property within CFD No. 2007-1 that is owned by, irrevocably offered for dedication to, or dedicated to the federal government, the State, the County, the Water District or any other public agency as of June 30 of the prior Fiscal Year; provided however that any property leased by a public agency to a private entity and subject to taxation under Section 53340.1 of the Act shall be taxed and classified in accordance with its use. To ensure that property is classified as Public Property in the first Fiscal Year after it is acquired by, irrevocably offered for dedication to, or dedicated to a

public agency, the property owner shall notify the CFD Administrator in writing of such acquisition, offer, or dedication not later than June 30 of the Fiscal Year in which the acquisition, offer, or dedication occurred.

"Residential Final Map" means (i) a final map, or portion thereof, approved by the County pursuant to the Subdivision Map Act (California Government Code Section 66410 *et seq.*) that creates individual lots or parcels for which building permits for residential dwelling units may be issued, or (ii) for condominiums, a final map approved by the County and a condominium plan recorded pursuant to California Civil Code Section 1352 creating such individual residential lots or parcels. The term "Residential Final Map" shall not include any Assessor's Parcel Map or subdivision map or portion thereof, that does not create individual lots for which a building permit may be issued, including Assessor's Parcels that are designated as remainder parcels.

"Residential Property" means all Assessor's Parcels of Developed Property that are within a Residential Final Map, excluding Non-Buildable Residential Property.

"Special Tax(es)" means the special tax(es) to be levied in each Fiscal Year on each Assessor's Parcel of Taxable Property to fund the Special Tax Requirement.

"Special Tax Requirement" means that amount required in any Fiscal Year for CFD No. 2007-1 to: (i) pay debt service on all Outstanding Bonds; (ii) pay periodic costs on the Bonds, including but not limited to, credit enhancement and rebate payments on the Bonds; (iii) pay Administrative Expenses; (iv) pay any amounts required to establish or replenish any reserve funds for all Outstanding Bonds; (v) pay directly for acquisition or construction of facilities eligible to be financed by CFD No. 2007-1; (vi) pay for reasonably anticipated delinquent Special Taxes based on the delinquency rate for Special Taxes levied in the previous Fiscal Year; less (vii) a credit for funds available to reduce the annual Special Tax levy, as determined by the CFD Administrator pursuant to the Fiscal Agent Agreement.

"State" means the State of California.

"Taxable Property" means all of the Assessor's Parcels within the boundaries of CFD No. 2007-1 which are not exempt from the Special Tax pursuant to law or Section E below.

"Taxable Property Owner Association Property" means all Assessor's Parcels of Property Owner Association Property that are not exempt pursuant to Section E below.

"Taxable Public Property" means all Assessor's Parcels of Public Property that are not exempt pursuant to Section E below.

"Undeveloped Property" means, for each Fiscal Year, all Taxable Property not classified as Developed Property, Taxable Property Owner Association Property or Taxable Public Property.

"Water District" means the Borrego Water District.

B. ASSIGNMENT TO LAND USE CATEGORIES

Each Fiscal Year, commencing Fiscal Year 2007-08, all Taxable Property within CFD No. 2007-1 shall be classified as Developed Property, Taxable Property Owner Association Property, Taxable Public Property, or Undeveloped Property, and shall be subject to Special Taxes in accordance with the rate and method of apportionment determined pursuant to Sections C and D below. Developed Property shall be further classified as Residential Property, Commercial Property, Golf Course Property, and Hotel/Motel Property. An Assessor's Parcel of Residential Property shall be assigned to Land Use Classes 1 or 2 based on its lot size.

C. MAXIMUM SPECIAL TAX

1. Developed Property

a. Maximum Special Tax

The Maximum Special Tax for each Assessor's Parcel classified as Developed Property shall be the greater of (i) the amount derived by application of the Assigned Special Tax or (ii) the amount derived by application of the Backup Special Tax.

b. Assigned Special Tax

The Assigned Special Tax for each Land Use Class is shown below in Table 1.

TABLE 1
Assigned Special Taxes for Developed Property

Land Use Class	Description	Lot Size	Assigned Special Tax
1	Residential Property	≥ 12,000 sq. ft.	\$1,574 per lot
2	Residential Property	< 12,000 sq. ft.	\$787 per lot
3	Commercial Property	Not Applicable	\$1.38 per sq. ft. of Commercial Floor Area
4	Golf Course Property	Not Applicable	\$1,200 per Acre
5	Hotel/Motel Property	Not Applicable	\$300 per hotel room

c. Multiple Land Use Classes

In some instances an Assessor's Parcel of Developed Property may contain more than one Land Use Class. The Assigned Special Tax levied on an Assessor's Parcel shall be the sum of the Assigned Special Taxes for all Land Use Classes located on that Assessor's Parcel. The Maximum Special Tax that can be levied on an Assessor's Parcel shall be the sum of the Maximum

Special Taxes that can be levied for all Land Use Classes located on that Assessor's Parcel. For an Assessor's Parcel that contains more than one type of land use, the Acreage of such Assessor's Parcel shall be allocated to each Land Use Class based on the amount of Acreage designated for each land use as determined by reference to the site plan approved for such Assessor's Parcel.

d. Backup Special Tax

The Backup Special Tax for an Assessor's Parcel of Developed Property shall equal \$28,058 per Acre.

2. Undeveloped Property, Taxable Property Owner Association Property, and Taxable Public Property

The Maximum Special Tax for Undeveloped Property, Taxable Property Owner Association Property, and Taxable Public Property in CFD No. 2007-1 shall equal \$28,058 per Acre.

D. METHOD OF APPORTIONMENT OF THE SPECIAL TAX

For each Fiscal Year, commencing Fiscal Year 2007-08, the Board shall determine the Special Tax Requirement and shall levy the Special Tax as follows:

First: The Special Tax shall be levied Proportionately on each Assessor's Parcel of Residential Property, Commercial Property, and Hotel/Motel Property at up to 100% of the applicable Assigned Special Tax;

Second: If additional monies are needed to satisfy the Special Tax Requirement after the first step has been completed, the Special Tax shall be levied Proportionately on each Assessor's Parcel of Golf Course Property at up to 100% of the Assigned Special Tax for Golf Course Property;

Third: If additional monies are needed to satisfy the Special Tax Requirement after the first two steps have been completed, the Special Tax shall be levied Proportionately on each Assessor's Parcel of Undeveloped Property at up to 100% of the Maximum Special Tax for Undeveloped Property;

Fourth: If additional monies are needed to satisfy the Special Tax Requirement after the first three steps have been completed, then the levy of the Special Tax on each Assessor's Parcel of Developed Property whose Maximum Special Tax is determined through the application of the Backup Special Tax shall be increased in equal percentages from the Assigned Special Tax up to the Maximum Special Tax for each such Assessor's Parcel;

Fifth: If additional monies are needed to satisfy the Special Tax Requirement after the first four steps have been completed, then the Special Tax shall be levied Proportionately on each

Assessor's Parcel of Taxable Property Owner Association Property or Taxable Public Property at up to the Maximum Special Tax for Taxable Property Owner Association Property or Taxable Public Property.

Notwithstanding the above, under no circumstances will the Special Tax levied against any Assessor's Parcel of Residential Property for which an occupancy permit for private residential use has been issued be increased by more than ten percent as a consequence of delinquency or default by the owner of any other Assessor's Parcel within CFD No. 2007-1.

E. EXEMPTIONS

No Special Tax shall be levied on up to 2,125.11 Acres of Property Owner Association Property, Public Property, and Non-Buildable Residential Property. Tax-exempt status will be assigned by the CFD Administrator first to Non-Buildable Residential Property and second, in the chronological order in which property becomes Property Owner Association Property or Public Property. However, should an Assessor's Parcel no longer be classified as Property Owner Association Property or Public Property, its tax-exempt status will be revoked.

Property Owner Association Property or Public Property that is not exempt from Special Taxes under this section shall be subject to the levy of the Special Tax and shall be taxed Proportionately as part of the fourth step in Section D above, at up to 100% of the applicable Maximum Special Tax for Taxable Property Owner Association Property or Taxable Public Property.

F. APPEALS AND INTERPRETATIONS

Any property owner claiming that the amount or application of the Special Tax with respect to his or her Assessor's Parcel is not correct and requesting a refund may file a written notice of appeal and refund to that effect with the CFD Administrator not later than one calendar year after having paid the Special Tax that is disputed. The CFD Administrator shall promptly review the appeal, and if necessary, meet with the property owner, consider written and oral evidence regarding the amount of the Special Tax, and decide the appeal. If the CFD Administrator's decision requires the Special Tax be modified or changed in favor of the property owner, a cash refund shall not be made (except for the last year of levy), but an adjustment shall be made to the next Special Tax levy. Any dispute over the decision of the CFD Administrator shall be referred to the Board and the decision of the Board shall be final. This procedure shall be exclusive and its exhaustion by any property owner shall be a condition precedent to any legal action by such owner.

Interpretations may be made by the Board by ordinance or resolution for purposes of clarifying any vagueness or ambiguity in this Amended and Restated Rate and Method of Apportionment.

G. MANNER OF COLLECTION

The Special Tax will be collected in the same manner and at the same time as ordinary *ad valorem* property taxes; provided, however, that CFD No. 2007-1 may directly bill the Special Tax, may collect Special Taxes at a different time or in a different manner if necessary to meet its financial obligations, and may covenant to foreclose and may actually foreclose on delinquent Assessor's Parcels as permitted by the Act.

H. PREPAYMENT OF SPECIAL TAX

The following definition applies to this Section H:

"Bond Redemption Date" means the redemption date pursuant to the Fiscal Agent Agreement for the Outstanding Bonds to be redeemed with the prepayment.

"CFD Public Facilities Cost" means either \$12.54 million in 2007 dollars, which shall increase by the Inflator on July 1, 2008, and on each July 1 thereafter, or such lower number as (i) shall be determined by the CFD Administrator as sufficient to provide the public facilities to be provided by CFD No. 2007-1 under the authorized bonding program for CFD No. 2007-1, or (ii) shall be determined by the Board concurrently with a covenant that it will not issue any more Bonds to be supported by Special Taxes levied under this Amended and Restated Rate and Method of Apportionment as described in Section D.

"Construction Fund" means an account specifically identified in the Fiscal Agent Agreement to hold funds which are currently available for expenditure to acquire or construct public facilities eligible under the Act.

"Construction Inflation Index" means the annual percentage change in the Engineering News-Record Building Cost Index for the City of Los Angeles, measured as of the calendar year which ends in the previous Fiscal Year. In the event this index ceases to be published, the Construction Inflation Index shall be another index as determined by the CFD Administrator that is reasonably comparable to the Engineering News-Record Building Cost Index for the City of Los Angeles.

"Inflator" means the greater of (i) the annual percentage change in the Construction Inflation Index, as calculated for the twelve (12) months ending December 31 of the prior calendar year or (ii) three percent (3.0%).

"Future Facilities Costs" means the CFD Public Facilities Cost minus (i) funds used to redeem bond issued by Community Facilities District No. 95-1, (ii) public facility costs previously paid from the Construction Fund, (iii) moneys currently on deposit in the Construction Fund, and (iv) moneys currently on deposit in an escrow fund that are expected to be available to finance facilities costs.

"Outstanding Bonds" means all Previously Issued Bonds which are deemed to be outstanding under the Fiscal Agent Agreement after the first interest and/or principal payment date following the current Fiscal Year.

"Previously Issued Bonds" means all Bonds that have been issued by CFD No. 2007-1 prior to the date of prepayment.

1. Prepayment in Full

The obligation of an Assessor's Parcel to pay the Special Tax may be prepaid and permanently satisfied as described herein; provided that a prepayment may be made only for Assessor's Parcels of Developed Property, or Undeveloped Property for which a building permit has been issued or that is within a Residential Final Map, and only if there are no delinquent Special Taxes with respect to such Assessor's Parcel at the time of prepayment. An owner of an Assessor's Parcel intending to prepay the Special Tax obligation shall provide the CFD Administrator with written notice of intent to prepay. Within 30 days of receipt of such written notice, the CFD Administrator shall notify such owner of the prepayment amount for such Assessor's Parcel. The CFD Administrator may charge a reasonable fee for providing this service.

The Prepayment Amount (defined below) shall be calculated as summarized below (capitalized terms as defined below):

	Bond Redemption Amount
plus	Redemption Premium
plus	Future Facilities Amount
plus	Defeasance Amount
plus	Administrative Fees and Expenses
<u>less</u>	<u>Reserve Fund Credit</u>
Total: equals	Prepayment Amount

As of the proposed date of prepayment, the Prepayment Amount (defined below) shall be calculated as follows:

Step No.:

1. Confirm that no Special Tax delinquencies apply to such Assessor's Parcel.
2. For Assessor's Parcels of Developed Property, compute the Assigned Special Tax and Backup Special Tax applicable for the Assessor's Parcel to be prepaid. For Assessor's Parcels of Undeveloped Property (for which a building permit has been issued or that is within a Residential Final Map) to be prepaid, compute the Assigned Special Tax and Backup Special Tax for that Assessor's Parcel as though it was already designated as Developed Property.

3. (a) Divide the Assigned Special Tax, computed pursuant to paragraph 2, by the total estimated Assigned Special Taxes for the entire CFD No. 2007-1 based on the Developed Property Assigned Special Taxes which could be charged in the current Fiscal Year on all expected development through buildout of CFD No. 2007-1, and
 - (b) Divide the Backup Special Tax for Developed Property, computed pursuant to paragraph 2, by the estimated Maximum Special Taxes from Developed Property at buildout of CFD No. 2007-1 plus the Maximum Special Tax for the Assessor's Parcel of Taxable Property Owner Association Property or Taxable Public Property being prepaid (if applicable), excluding any Assessor's Parcels which have been prepaid.
4. Multiply the larger quotient computed pursuant to paragraph 3(a) or 3(b) by the Outstanding Bonds to compute the amount of Outstanding Bonds to be retired and prepaid (the "Bond Redemption Amount").
5. Multiply the Bond Redemption Amount computed pursuant to paragraph 4 by the applicable redemption premium, if any, as set forth in the Fiscal Agent Agreement, on the Outstanding Bonds to be redeemed (the "Redemption Premium").
6. Compute the current Future Facilities Costs.
7. Multiply the larger quotient computed pursuant to paragraph 3(a) or 3(b) by the amount determined pursuant to paragraph 6 to compute the amount of Future Facilities Costs to be prepaid (the "Future Facilities Amount").
8. Compute the amount needed to pay interest on the Bond Redemption Amount from the first bond interest and/or principal payment date following the current Fiscal Year until the Bond Redemption Date.
9. Determine the Special Taxes levied on the Assessor's Parcel in the current Fiscal Year which have not yet been paid.
10. Compute the minimum amount the CFD Administrator reasonably expects to derive from the reinvestment of the Prepayment Amount (as defined below) less the Future Facilities Amount and the Administrative Fees and Expenses (as defined below) from the date of prepayment until the Bond Redemption Date.
11. Add the amounts computed pursuant to paragraphs 8 and 9 and subtract the amount computed pursuant to paragraph 10 (the "Defeasance Amount").
12. Verify the administrative fees and expenses of CFD No. 2007-1, including the costs of computation of the prepayment, the costs to invest the prepayment proceeds, the costs of redeeming Bonds, and the costs of recording any notices to evidence the prepayment and the redemption (the "Administrative Fees and Expenses").

13. If reserve funds for the Outstanding Bonds, if any, are at or above 100% of the reserve requirement (as defined in the Fiscal Agent Agreement) on the prepayment date, a reserve fund credit shall be calculated based on a reduction in the applicable reserve fund for the Outstanding Bonds, as set forth in the Fiscal Agent Agreement, to be redeemed pursuant to the prepayment (the "Reserve Fund Credit"). No Reserve Fund Credit shall be granted if reserve funds are below 100% of the reserve requirement.
14. The Special Tax prepayment is equal to the sum of the amounts computed pursuant to paragraphs 4, 5, 7, 11 and 12, less the amount computed pursuant to paragraph 13 (the "Prepayment Amount").
15. From the Prepayment Amount, the amounts computed pursuant to paragraphs 4, 5, 11 and 13 shall be deposited into the appropriate fund as established under the Fiscal Agent Agreement and be used to retire Outstanding Bonds or make debt service payments. The amount computed pursuant to paragraph 7 shall be deposited into the Construction Fund. The amount computed pursuant to paragraph 12 shall be retained by CFD No. 2007-1.

The Prepayment Amount may be sufficient to redeem other than a \$5,000 increment of Bonds. In such cases, the increment above \$5,000 or integral multiple thereof will be retained in the appropriate fund established under the Fiscal Agent Agreement to be used with the next prepayment of Bonds or to make debt service payments.

As a result of the payment of the current Fiscal Year's Special Tax levy as determined under paragraph 9 (above), the CFD Administrator shall remove the current Fiscal Year's Special Tax levy for such Assessor's Parcel from the County tax rolls. With respect to any Assessor's Parcel that is prepaid, the Board shall cause a suitable notice to be recorded in compliance with the Act, to indicate the prepayment of Special Taxes and the release of the Special Tax lien on such Assessor's Parcel, and the obligation of such Assessor's Parcel to pay the Special Tax shall cease.

Notwithstanding the foregoing, no Special Tax prepayment shall be allowed unless the amount of Assigned Special Taxes that may be levied on current and future Developed Property based on expected development at buildout, both prior to and after the proposed prepayment, less expected Administrative Expenses, is at least 1.1 times the maximum annual debt service on all Outstanding Bonds.

2. Prepayment in Part

The Special Tax on an Assessor's Parcel of Developed Property or an Assessor's Parcel of Undeveloped Property for which a building permit has been issued or that is within a Residential Final Map may be partially prepaid. The amount of the prepayment shall be calculated as in Section H.1; except that a partial prepayment shall be calculated according to the following formula:

$$PP = (P_E - A) \times F + A$$

These terms have the following meaning:

- PP = the partial prepayment
- P_E = the Prepayment Amount calculated according to Section H.1
- F = the percentage by which the owner of the Assessor's Parcel(s) is partially prepaying the Special Tax.
- A = the Administration Fees and Expenses from Section H.1

The owner of any Assessor's Parcel who desires such prepayment shall notify the CFD Administrator of such owner's intent to partially prepay the Special Tax and the percentage by which the Special Tax shall be prepaid. The CFD Administrator shall provide the owner with a statement of the amount required for the partial prepayment of the Special Tax for an Assessor's Parcel within thirty (30) days of the request and may charge a reasonable fee for providing this service. With respect to any Assessor's Parcel that is partially prepaid, the Water District shall (i) distribute the funds remitted to it according to Section H.1, and (ii) indicate in the records of CFD No. 2007-1 that there has been a partial prepayment of the Special Tax and that a portion of the Special Tax with respect to such Assessor's Parcel, equal to the outstanding percentage (1.00 - F) of the remaining Maximum Special Tax, shall continue to be levied on such Assessor's Parcel pursuant to Section D.

Notwithstanding the foregoing, no Special Tax prepayment shall be allowed unless the amount of Assigned Special Taxes that may be levied on current and future Developed Property based on expected development at buildout, both prior to and after the proposed prepayment, less expected Administrative Expenses, is at least 1.1 times the maximum annual debt service on all Outstanding Bonds.

I. TERM OF SPECIAL TAX

The Special Tax shall be levied for a period not to exceed forty years commencing in Fiscal Year 2007-08.

INTRODUCTION

This report provides an analysis of the financial and administrative obligations of Community Facilities District No. 2017-1 ("CFD No. 2017-1") of the Borrego Water District (the "Water District"). In May 2017, the Water District issued \$10,300,000 Series 2017B Special Tax Refunding Bonds (the "Bonds") for CFD No. 2017-1. The Bonds were issued for the purpose of defeasing and refunding a portion of the outstanding CFD No. 2007-1 Bonds which were previously in default.

CFD No. 2017-1 is a legally constituted governmental entity established under the Mello-Roos Community Facilities Act of 1982, (the "Act") as amended. The Act provides an alternative method for the financing of certain public capital facilities and services. Specifically, CFD No. 2017-1 is authorized to issue up to \$10,300,000 in bonds and has issued \$10,300,000 in bonds for the purpose of defeasing and discharging a portion of the CFD No. 2007-1 Series 2007 Bonds. No principal payments have been paid on the Bonds. The first principal payment will be made on August 1, 2021. The Bonds are scheduled to be paid off in year 2042. Pursuant to the Rate and Method of Apportionment for CFD No. 2017-1 ("RMA"), the special tax shall be levied for a period not to exceed 40 years commencing in Fiscal Year 2021-2022. The RMA is included in Appendix C.

The bonded indebtedness of CFD No. 2017-1 is both secured and repaid through the annual levy and collection of special taxes from all property subject to the tax within CFD No. 2017-1. In calculating the special tax liability for fiscal year 2021-2022, this report examines the financial obligations of the current fiscal year and analyzes the level of development within CFD No. 2017-1.

A map showing the property in CFD No. 2017-1 is included in Appendix A.

This report is organized into the following sections:

- **Section I:** Section I provides an update of the development status of property within CFD No. 2017-1;
- **Section II:** Section II analyzes the previous fiscal year's special tax levy and includes a discussion of delinquent special taxes;
- **Section III:** Section III determines the financial obligations of CFD No. 2017-1 for fiscal year 2021-2022; and
- **Section IV:** Section IV reviews the methodology used to apportion the special tax requirement between Developed Property and Undeveloped Property. A table of the 2021-2022 special taxes for each classification of property is included.

I SPECIAL TAX CLASSIFICATIONS AND DEVELOPMENT UPDATE

A Special Tax Classifications

The methodology employed to calculate and apportion the special tax is contained in a document entitled the Rate and Method of Apportionment of the Special Tax. The Rate and Method of Apportionment defines two primary categories of taxable property, namely "Developed Property" and "Undeveloped Property."

Developed Property is distinguished from Undeveloped Property by the issuance of a building permit by the County for purposes of constructing a new residential or non-residential development. Specifically, property for which a final map was recorded or a building permit was issued as of January 1 will be classified as Developed Property in the following fiscal year. For example, all property in CFD No. 2017-1 for which the above events had occurred as of January 1, 2021, will be classified as Developed Property in fiscal year 2021-2022.

B Development Update

CFD No. 2017-1 encompasses approximately 1,878 gross acres of land in unincorporated San Diego County. As of January 1, 2021, there was no property classified as Developed Property. Approximately 1,641 acres of Undeveloped Property are taxable and approximately 236 acres are Exempt Property.

Table 1: Cumulative Development

Property Classification	Number of Acres
Developed Property	0 acres
Undeveloped Property	1,641.38 acres

II FISCAL YEAR 2020-2021 LEVY

All Fiscal Year 2020-2021 special taxes for CFD No. 2017-1 were direct billed by the Water District. The aggregate Special Tax levy for the property located within CFD No. 2017-1 for Fiscal Year 2020-2021 equaled \$734,683. As of May 20, 2021, all Fiscal Year 2020-2021 special taxes have been paid in full.

III FISCAL YEAR 2021-2022 SPECIAL TAX REQUIREMENT

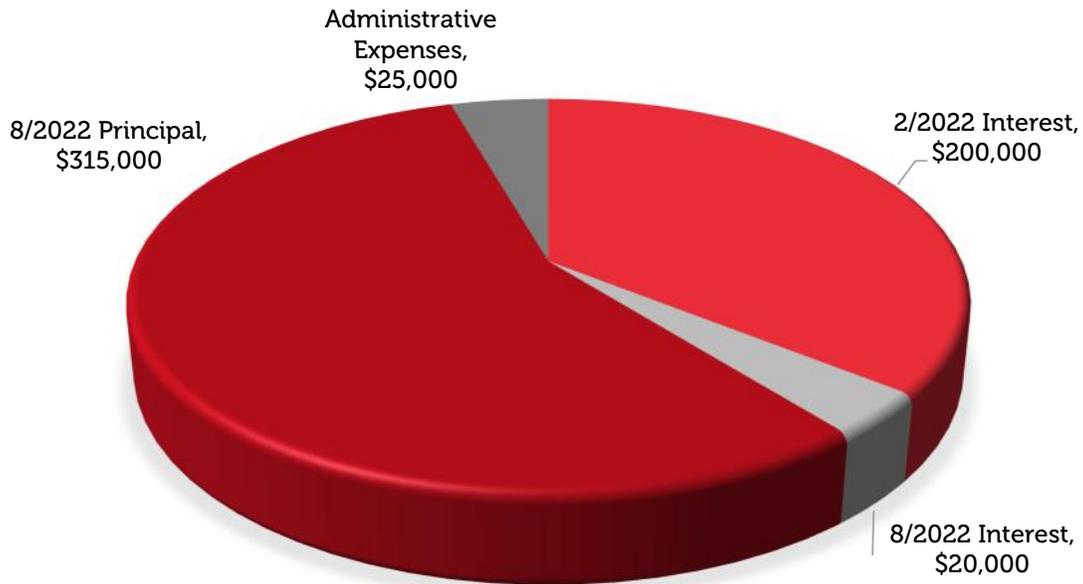

For fiscal year 2021-2022, the Special Tax Requirement for Bonds Held by Bond Owner is equal to \$739,990 and is calculated as follows:

Table 2: Fiscal Year 2021-2022 Special Tax Requirement

Total Fiscal Year 2021-2022 Gross Special Tax Requirement: \$740,000

IV METHOD OF APPORTIONMENT

A Maximum Special Tax Rates

The amount of special taxes that CFD No. 2017-1 may levy is strictly limited by the maximum special taxes set forth in the Rate and Method of Apportionment. The maximum special taxes for Developed Property, or the "Assigned Special Taxes," are specified in Section C of the Rate and Method of Apportionment.

B Termination of Special Tax

The Special Tax shall be levied for a period not to exceed 40 years commencing in fiscal year 2020-2021.

C Apportionment of Special Taxes

The special tax that is apportioned to each parcel is determined through the application of Section D of the Rate and Method of Apportionment. Section D apportions the special tax requirement in two steps which prioritize the order in which Developed Property and Undeveloped Property are taxed.

The first step states that the special tax shall be levied against each parcel of Developed Property at up to 100 percent of the applicable Maximum Special Tax. If the special taxes raised pursuant to the first step are less than the special tax requirement, then the second step is applied. The second step states that the special tax shall be levied against each parcel of Undeveloped Property at up to 100 percent of the Maximum Special Tax.

Application of the maximum special taxes under the first step generates special tax revenues of \$0 from Developed Property, leaving all \$739,990 to be levied against Undeveloped Property. Dividing this amount by the 1,641.37 acres of Undeveloped Property results in a tax of \$450.83 per acre of Undeveloped Property. The fiscal year 2021-2022 maximum and actual special taxes are shown for each classification of Developed Property and Undeveloped Property in the following table.

Table 3: Fiscal Year 2021-2022 Special Taxes for Developed Property and Undeveloped Property

Property Classification	FY 2021-2022 Maximum Special Tax	FY 2021-2022 Actual Special Tax
Developed Property	\$740.00/acre	N/A
Undeveloped Property	\$740.00/acre	\$450.83/acre

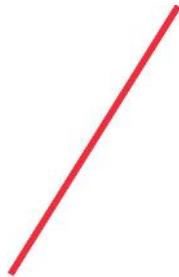

A list of the actual special tax levied against each parcel in CFD No. 2017-1 is included in Appendix D.

C. MAXIMUM SPECIAL TAX

1. Developed Property

The Maximum Special Tax for each Assessor's Parcel classified as Developed Property shall be equal to \$740 per Acre.

2. Undeveloped Property

The Maximum Special Tax for Undeveloped Property in CFD No. 2017-1 shall equal \$740 per Acre.

D. METHOD OF APPORTIONMENT OF THE SPECIAL TAX

For each Fiscal Year, commencing Fiscal Year 2017-18, if Bonds have been sold to a Third Party, then the Board shall determine the Special Tax Requirement following sale of Bonds to a Third Party and shall levy the Special Tax as described below. If Bonds have not yet been sold to a Third Party, then the Board shall determine the Special Tax Requirement for Bonds held by Bond Owner and shall levy the Special Tax as described below.

First: The Special Tax shall be levied Proportionately on each Assessor's Parcel of Developed Property at up to 100% of the applicable Maximum Special Tax; and

Second: If additional monies are needed to satisfy the Special Tax Requirement after the first step has been completed, the Special Tax shall be levied Proportionately on each Assessor's Parcel of Undeveloped Property at up to 100% of the Maximum Special Tax for Undeveloped Property.

Notwithstanding the above, under no circumstances will the Special Tax levied in a Fiscal Year against any Assessor's Parcel of Developed Property for which an occupancy permit for private residential use has been issued be increased by more than ten percent (10%) above the amount that would have been levied in that Fiscal Year as a consequence of delinquency or default by the owner of any other Assessor's Parcel within CFD No. 2017-1. To the extent that the levy of the Special Tax on residential property is limited by the provision in the

previous sentence, the levy of the Special Tax on all other Assessor's Parcels shall continue in equal percentages at up to 100% of the Maximum Special Tax.

E. EXEMPTIONS

No Special Tax shall be levied on the Exempt Property identified in Exhibit A.

In addition, no Special Tax shall be levied on Property Owner Association Property and Public Property.

F. APPEALS AND INTERPRETATIONS

Any property owner claiming that the amount or application of the Special Tax with respect to his or her Assessor's Parcel is not correct and requesting a refund may file a written notice of appeal and refund to that effect with the CFD Administrator not later than one calendar year after having paid the Special Tax that is disputed. The CFD Administrator shall promptly review the appeal, and if necessary, meet with the property owner, consider written and oral evidence regarding the amount of the Special Tax, and decide the appeal. If the CFD Administrator's decision requires the Special Tax be modified or changed in favor of the property owner, a cash refund shall not be made (except for the last year of levy), but an adjustment shall be made to the next Special Tax levy. Any dispute over the decision of the CFD Administrator shall be referred to the Board and the decision of the Board shall be final.

This procedure shall be exclusive and its exhaustion by any property owner shall be a condition precedent to any legal action by such owner.

Interpretations may be made by the Board by ordinance or resolution for purposes of clarifying any vagueness or ambiguity in this Rate and Method of Apportionment.

G. MANNER OF COLLECTION

The Special Tax will be collected in the same manner and at the same time as ordinary *ad valorem* property taxes; provided, however, that CFD No. 2017-1 may directly bill the Special Tax, may collect Special Taxes at a different time or in a different manner if necessary to meet its financial obligations, and may covenant to foreclose and may actually foreclose on delinquent Assessor's Parcels as permitted by the Act.

H. PREPAYMENT OF SPECIAL TAX

The following definition applies to this Section H:

"Bond Redemption Date" means the redemption date pursuant to the Fiscal Agent Agreement for the Outstanding Bonds to be redeemed with the prepayment.

"Outstanding Bonds" means all Previously Issued Bonds which are deemed to be outstanding under the Fiscal Agent Agreement after the first interest and/or principal payment date following the current Fiscal Year.

"Previously Issued Bonds" means all Bonds that have been issued by CFD No. 2017-1 prior to the date of prepayment.

1. Prepayment in Full

The obligation of an Assessor's Parcel of Developed Property or Undeveloped Property to pay the Special Tax may be prepaid and permanently satisfied as described herein; provided that (i) Bonds have been issued and (ii) there are no delinquent Special Taxes with respect to such Assessor's Parcel at the time of prepayment. An owner of an Assessor's Parcel intending to prepay the Special Tax obligation shall provide the CFD Administrator with written notice of intent to prepay. Within 30 days of receipt of such written notice, the CFD Administrator shall notify such owner of the prepayment amount for such Assessor's Parcel. The CFD Administrator may charge a reasonable fee for providing this service.

The Prepayment Amount (defined below) shall be calculated as summarized below (capitalized terms as defined below):

	Bond Redemption Amount
plus	Redemption Premium
plus	Defeasance Amount
plus	Administrative Fees and Expenses
less	<u>Reserve Fund Credit</u>
Total: equals	Prepayment Amount

As of the proposed date of prepayment, the Prepayment Amount (defined below) shall be calculated as follows:

Step No.:

1. Confirm that no Special Tax delinquencies apply to such Assessor's Parcel.
2. Compute the Maximum Special Tax applicable for the Assessor's Parcel to be prepaid.
3. Divide the Maximum Special Tax, computed pursuant to paragraph 2, by the total estimated Maximum Special Taxes for the entire CFD No. 2017-1 based on the Maximum Special Taxes which could be charged in the current Fiscal Year in CFD No. 2017-1.
4. Multiply the quotient computed pursuant to paragraph 3 by the Outstanding Bonds to compute the amount of Outstanding Bonds to be retired and prepaid (the "Bond Redemption Amount").

5. Multiply the Bond Redemption Amount computed pursuant to paragraph 4 by the applicable redemption premium, if any, as set forth in the Fiscal Agent Agreement, on the Outstanding Bonds to be redeemed (the "Redemption Premium").
6. Compute the amount needed to pay interest on the Bond Redemption Amount from the first bond interest and/or principal payment date following the current Fiscal Year until the Bond Redemption Date.
7. Determine the Special Taxes levied on the Assessor's Parcel in the current Fiscal Year which have not yet been paid.
8. Compute the minimum amount the CFD Administrator reasonably expects to derive from the reinvestment of the Prepayment Amount (as defined below) less the Administrative Fees and Expenses (as defined below) from the date of prepayment until the Bond Redemption Date.
9. Add the amounts computed pursuant to paragraphs 6 and 7 and subtract the amount computed pursuant to paragraph 8 (the "Defeasance Amount").
10. Verify the administrative fees and expenses of CFD No. 2017-1, including the costs of computation of the prepayment, the costs to invest the prepayment proceeds, the costs of redeeming Bonds, and the costs of recording any notices to evidence the prepayment and the redemption (the "Administrative Fees and Expenses").
11. If reserve funds for the Outstanding Bonds, if any, are at or above 100% of the reserve requirement (as defined in the Fiscal Agent Agreement) on the prepayment date, a reserve fund credit shall be calculated based on a reduction in the applicable reserve fund for the Outstanding Bonds, as set forth in the Fiscal Agent Agreement, to be redeemed pursuant to the prepayment (the "Reserve Fund Credit"). No Reserve Fund Credit shall be granted if reserve funds are below 100% of the reserve requirement.
12. The Special Tax prepayment is equal to the sum of the amounts computed pursuant to paragraphs 4, 5, 9 and 10, less the amount computed pursuant to paragraph 11 (the "Prepayment Amount").
13. From the Prepayment Amount, the amounts computed pursuant to paragraphs 4, 5, 9 and 11 shall be deposited into the appropriate fund as established under the Fiscal Agent Agreement and be used to retire Outstanding Bonds or make debt service payments. The amount computed pursuant to paragraph 10 shall be retained by CFD No. 2017-1.

The Prepayment Amount may be sufficient to redeem other than a \$5,000 increment of Bonds. In such cases, the increment above \$5,000 or integral multiple thereof will be retained in the appropriate fund established under the Fiscal Agent Agreement to be used with the next prepayment of Bonds or to make debt service payments.

As a result of the payment of the current Fiscal Year's Special Tax levy as determined under paragraph 7 (above), the CFD Administrator shall remove the current Fiscal Year's Special Tax levy for such Assessor's Parcel from the County tax rolls. With respect to any Assessor's Parcel that is prepaid, the Board shall cause a suitable notice to be recorded in compliance with the Act, to indicate the prepayment of Special Taxes and the release of the Special Tax lien on such Assessor's Parcel, and the obligation of such Assessor's Parcel to pay the Special Tax shall cease.

Notwithstanding the foregoing, no Special Tax prepayment shall be allowed unless the amount of Maximum Special Taxes that may be levied on all property in CFD No. 2017-1, both prior to and after the proposed prepayment, less expected Administrative Expenses, is at least 1.1 times the maximum annual debt service on all Outstanding Bonds.

2. Prepayment in Part

The Special Tax on an Assessor's Parcel located in CFD No. 2017-1 may be partially prepaid. The amount of the prepayment shall be calculated as in Section H.1; except that a partial prepayment shall be calculated according to the following formula:

$$PP = (P_E - A) \times F + A$$

These terms have the following meaning:

- PP = the partial prepayment
- P_E = the Prepayment Amount calculated according to Section H.1
- F = the percentage by which the owner of the Assessor's Parcel(s) is partially prepaying the Special Tax.
- A = the Administration Fees and Expenses from Section H.1

The owner of any Assessor's Parcel who desires such prepayment shall notify the CFD Administrator of such owner's intent to partially prepay the Special Tax and the percentage by which the Special Tax shall be prepaid. The CFD Administrator shall provide the owner with a statement of the amount required for the partial prepayment of the Special Tax for an Assessor's Parcel within thirty (30) days of the request and may charge a reasonable fee for providing this service. With respect to any Assessor's Parcel that is partially prepaid, the Water District shall (i) distribute the funds remitted to it according to Section H.1, and (ii) indicate in the records of CFD No. 2017-1 that there has been a partial prepayment of the Special Tax and that a portion of the Special Tax with respect to such Assessor's Parcel, equal to the outstanding percentage (1.00 - F) of the remaining Maximum Special Tax, shall continue to be levied on such Assessor's Parcel pursuant to Section D.

Notwithstanding the foregoing, no Special Tax prepayment shall be allowed unless the amount of Maximum Special Taxes that may be levied all property in CFD No. 2017-1, both prior to and after the proposed prepayment, less expected Administrative Expenses, is at least 1.1 times the maximum annual debt service on all Outstanding Bonds.

I. TERM OF SPECIAL TAX

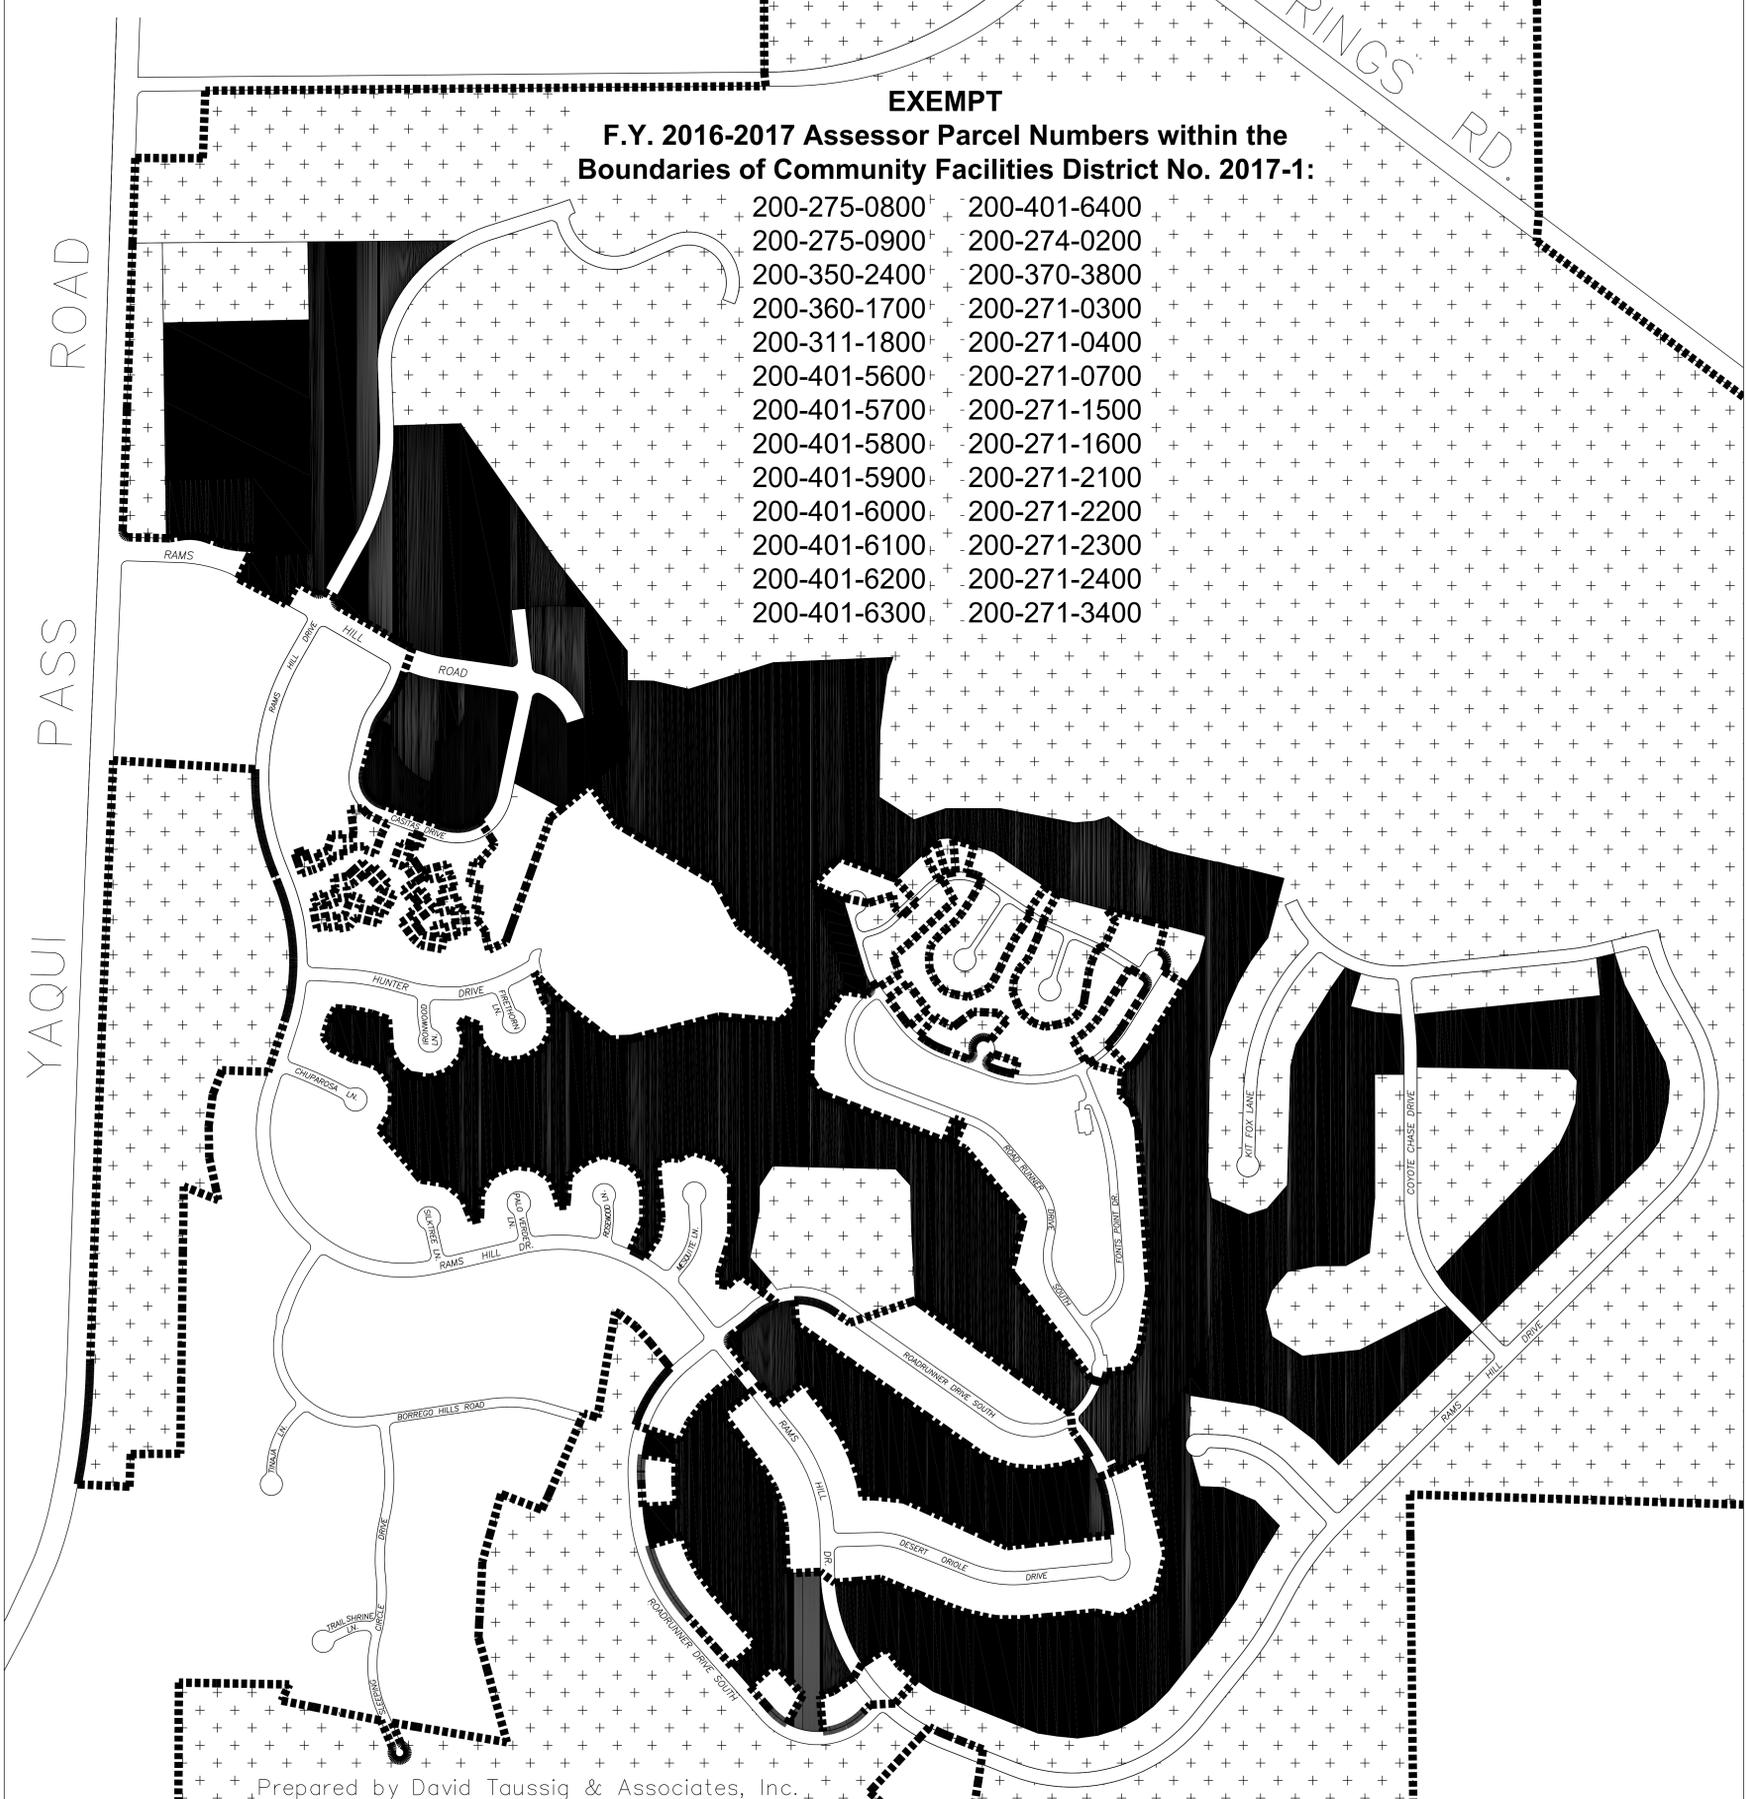

The Special Tax shall be levied for a period not to exceed forty years commencing in Fiscal Year 2017-18.

BOARD OF DIRECTORS MEETING

AGENDA ITEM II. B

June 16, 2021

TO: Board of Directors

FROM: Geoffrey Poole, General Manager

SUBJECT: Local Agency Formation Commission Special District Representative Elections – G Poole

RECOMMENDED ACTION: Authorize voting for David Drake, from Rincon Del Diablo MWD (Escondido)

ITEM EXPLANATION: The Local Agency Formation Commissions were established in all 58 CA countries in 1963 under State Law to facilitate orderly growth and development in the most efficient manner possible.

San Diego LAFCO is governed by a 13-member “Commission” comprising county, city, special district, and public members. All Commissioners are appointed elected officials with the exception of the two public members. Commissioners serve four-year terms and divided between “regulars” and “alternates” and must exercise their independent judgment on behalf of the interests of residents, landowners, and the public as a whole. Commissioners are subject to standard disclosure requirements and must file annual statements of economic interests. The Commission has sole authority in administering its legislative responsibilities and decisions therein are not subject to an outside appeal process.

The Special District Alternate Representative position is up for election in July. One candidate, David Drake, is from Rincon del Diablo MWD. I have known David for decades and he would be a great representative.

Heather Conklin

Candidate for the Special District Representative (Alternate) for the San Diego Local Agency Formation Commission (SDLAFCO)

Living in San Diego County for almost 12 years, I have developed a deep appreciation for what makes San Diego County special, including its geographic diversity, rich natural resources, critical habitats, and a strong regional economy.

My passion for public service is driven by my desire to promote informed policymaking that balances the diverse needs of stakeholders and the public, and reflects the principles of good governance. I bring a broad background in public policy, communications, and research to my role in public service.

Since being appointed as a Director for Mission Resource Conservation District in 2019, I've worked diligently to deepen collaborations within the district, expand public outreach, and support adaptation to meet changing organizational and district needs due to the COVID-19 pandemic.

Having served as a District Director with the California State Assembly, I worked collaboratively with local, state, and federal leaders on legislation and projects focused on transportation and addressing climate change in the region and statewide. In addition to legislative experience, I bring experience in research across various policy topics, including agriculture, water conservation, and sustainable development, which gives me a deeper understanding of key local issues. This framework allows me to analyze complex, multi-faceted issues and develop creative solutions that meet specific goals and fit within the "bigger picture."

Public service also requires strong community connections, which I have developed through community volunteerism, including working to address homelessness, and supporting native habitats and sustainable landscaping practices. I also promote and support effective science communication, specializing in science communication for policy and public engagement in science. My community connections, combined with my statewide perspective, provide a strong local focus.

I hold a Master of Public Administration (M.P.A.) from the University of Southern California, School of Policy, Planning, and Development; a Master of Arts (M.A.) in Political Science from the University of California at Riverside; and a Bachelor of Arts (B.A.) in Communication from the University of California at Davis. Currently, I am completing my Ph. D. at Claremont Graduate University, specializing in research methods.

In serving as the Special District Representative (Alternate) for the San Diego Local Agency Formation Commission (SDLAFCO), I will provide forward-thinking leadership to further the Commission's goals of benefiting residents, landowners, and the public in San Diego County.

I respectfully ask for your vote.

Dear Special District Members,

LAFCO provides a critical function for the management of public services in San Diego County. The Special Districts in the County have a unique and compelling mission to provide those services for the benefit of our citizens. The boundary and service issues we face require close attention to detail and a broad scope view of the mission.

My experience with the Rincon del Diablo Municipal Water District, since 2006, has been an excellent environment for understanding the complexities and achievements of public service. I am currently the President of the Board of Directors and have served as Vice President and Treasurer. My public service includes chairing the Escondido Planning Commission and serving as an Executive Committee member of the Association of California Water Agencies Joint Powers Insurance Authority. Previously, I represented the City of Escondido on the Board of Directors of the San Diego County Water Authority for nine years. I didn't just learn about public service, I lived it for 30 years.

LAFCO is a key part in the dynamic management of our service domain. Our environment is under continuous change and we must understand these changes and respond to them with effective solutions. My commitment to you is honesty, integrity, and hard work to assure that all of our constituents are treated with equity and fairness.

I seek your support for the Alternate Special Districts Member on the Local Agency Formation Commission.

Sincerely,

BORREGO WATER DISTRICT
BOARD OF DIRECTORS MEETING
JUNE 22, 2021
AGENDA ITEM II. D

June 16, 2021

TO: Board of Directors
FROM: Geoffrey Poole, General Manager
SUBJECT: Resolution No.2021-06-09 Declaring BWD Properties Surplus – G Poole

RECOMMENDED ACTION: Approve Resolution No. 2021-06-09 Declaring Certain District Owned Properties as Non Exempt Surplus Land and No Longer Necessary for the District's Use and Directing the General Manager to Follow the Procedures Set Forth in the Surplus Land Act (Gov. Code, § 54220 et. seq.) as Amended by Assembly Bill 1486 for the Disposition of Said Surplus Land

ITEM EXPLANATION

The District is considering designating certain District-owned properties as surplus and listing the properties for sale to use the budget revenues to enhance District services and programs. Accordingly, if the Board of Directors approves the attached resolution, the District would be declaring these parcels as "surplus land," under the Surplus Land Act and Government Code section 54221, that these parcels are no longer necessary for the District's use.

In order for the District to dispose of these parcels, the District must first go through a public/stakeholder engagement process in accordance with state law and the Surplus Land Act. This process requires the District to transmit notices of availability to designated entities under state law, and allow for a 60-day period during which these entities, including potential affordable housing developers and public entities with jurisdiction over the parcel(s), may express their interest in negotiating on any of those parcels. The Surplus Land Act requires this right of first refusal in an effort to mitigate the state's housing supply crisis. The District is also required to engage in good-faith real property negotiations for at least 90-days on price and terms with any interested party that responds. The District also has reporting and compliance obligations to the Department of Housing and Community Development, who can impose penalties based on the ultimate sales price of the parcel if the Surplus Land Act is not followed prior to disposition. This evening's action and resolution simply sets the surplus process on course and allows staff to vet any other interest by the public, affordable housing developers, or other entities designated under the Surplus Land Act.

Upon conclusion of the public engagement process, District staff may list the properties using an independent real estate broker and solicit disposition interest on the open market if all other state requirements have been satisfied. At that time, District staff will bring a separate real estate sales agreement before the Board of Directors for consideration at a duly scheduled public meeting.

The Subject Properties consist of undeveloped land and are currently not for sale.

Notice to Public Drinking Water Systems Ongoing Dry Conditions in California – Prepare for Drought Impacts Statewide Water Source Contingency and Conservation Planning June 8th, 2021

With California experiencing its second consecutive dry year, and due to the effects of climate change, we are all reminded that drought planning and conservation are now a California way of life.

The first six months of water year 2021 rank as the fourth driest on record. With warm temperatures and extended dry conditions, melting Sierra Nevada snow is soaking into parched ground rather than running into reservoirs. On some streams, runoff is lower now than during the critically dry year of 2014–15.

These conditions may contribute to reduced yield from your ground and/or surface water supply sources, challenges with water quality, and difficulties in meeting normal system demands resulting in water shortages or low pressure during peak demand periods, such as those that normally occur in the late summer and early fall months.

Sustained preparation and planning are critical. Most of California's water systems were able to manage drought impacts and maintain the high quality of water delivered to their customers during the last drought by taking actions early.

The State Water Resources Control Board urges you to prioritize three actions: 1) closely evaluate your water supply; 2) develop a contingency plan to mitigate any water supply problems that might result from current and future conditions, and 3) encourage your customers to conserve water voluntarily. The following components should be included in your system evaluation and drought contingency plan:

Evaluate Your Water Supply

An accurate determination of the system source capacity, including ground water levels, well yields, well-pumping capacities and pump bowl settings (depth to the pump's intake). The information you collect should include the following:

- a. **Monitor the depth-to-ground-water level in your wells under both pumping and non-pumping conditions:** Depth-to-groundwater is a very good indicator of well capacity. Too often, a well's pumping capacity is used as the sole indicator of pumping conditions with no attention given to ground water depth. As a result, depletion of the ground water table over time may not be apparent. In addition, not monitoring groundwater levels over pump bowls can ruin good pumping equipment if excessive drawdown in the groundwater table allows air to enter the pumping equipment. **If water levels drop below your pump bowl settings, significant damage to pump impellers, bearings and motors is likely to occur. As a result, your system could be without water until a new pump can be installed, and you might encounter significant equipment and labor costs to replace burned-out pumps and motors.**
- b. **Read and record well pumping capacity:** We *strongly* recommend that you read and record your well flow totalizing meter on a regular basis. This can help you monitor usage and identify your degree of water loss or "unaccounted-for-water." Unaccounted-for-water is the difference between the water you produce from your sources and the amount actually delivered to customers.

- c. **Monitor and record the water levels in your system storage tanks during various high-demand periods of the day:** We recommend that you monitor and record the level of the water in your storage tanks at the same time each day, which will help you identify increasing system demand or reduced source capacity conditions that can lead to major supply problems.
- d. **Repair any obvious leaks in your storage tanks and distribution system.** If your distribution system is over 25 years old, consider starting a leak detection program to identify and repair leaks in your distribution system that may not be obvious, particularly unaccounted-for-water losses. Water that is not wasted through unrepaired leaks will be available to customers when needed. It will also save you money, because you will consume less power for pumping water that will ultimately be wasted anyway.

Create a Contingency Plan

To start your drought contingency plan, review your past water use data and anticipate upcoming demand. Then, plan appropriately for anticipated shortages. Minimally, your plan should include:

- a. **Serious water conservation measures that will help mitigate water shortage problems:** If your system has experienced water shortages in prior years, and additional source capacity has not been brought online, it is imperative to begin conservation efforts immediately. Outdoor watering, and other non-essential water use should be curtailed.
- b. **A temporary or permanent interconnection to a neighboring utility that has excess production capacity:** Such interconnections should be discussed with the appropriate [Division of Drinking Water District office](#) before implemented. Arrangements for an interconnection should be made ahead of an emergency, so now is the time to plan one if appropriate.
- c. **Installation of treatment on standby sources that have water quality issues:** If you anticipate that you will need to treat standby sources to maintain drinking water quality standards, begin the planning and permitting process now and install the necessary equipment as soon as possible. Treatment equipment and constructional materials are already in tight supply and may not be available later to cover an emergency installation. Some treatment requires testing before it can come online, and this should be considered in your planning timeline.
- d. **Join a Mutual Aid & Assistance Program:** Belonging to mutual aid associations, such as California Water/Wastewater Agency Response Network (CalWARN), will give you access to information on topics like emergency preparedness, disaster response, and mutual assistance processes for public and private water and wastewater utilities. Benefits include a mutual assistance agreement, process for sharing emergency resources among signatories statewide, and resources to respond and recover more quickly from a disaster or drought.

It is important that even for systems that use groundwater wells that have never experienced an outage, you take steps to verify water table depth and well pump settings as indicated above. If you believe your water system will be facing water shortage problems, we recommend you contact your district office to alert them and work through the steps needed to remain in compliance.

Create awareness that voluntary conservation is critical

Conservation extends existing supplies, helping to ensure California's communities and ecosystems weather this crisis. The State Water Board urges you to work with all customers in your service area to voluntarily reduce:

- a. Watering of outdoor landscapes that causes incidental runoff onto adjacent property, non-irrigated areas, private and public walkways, roadways, parking lots, or structures.

- b. Individuals washing privately-owned cars with a hose, unless they are using a positive action shut-off nozzle.
- c. Applying potable water directly to driveways and sidewalks.
- d. Using potable water in an ornamental fountain or other decorative water feature.
- e. Using water to irrigate turf and ornamental landscapes during and within 48 hours after measurable rainfall.
- f. Serving drinking water that was not requested in eating or drinking establishments.
- g. Irrigating turf on public street medians or publicly owned and/or maintained landscaped areas between the street and sidewalk.

The State Water Board also encourages you to coordinate with:

- a. Hotels and motels to ensure they allow guests to opt out of having towels and linens laundered daily.
- b. Homeowners' associations, community service organizations, or similar entities to ensure they support water-efficient landscaping.

For more information about water supply planning, water conservation, drought-related events, and more, visit the Water Board's new [drought webpages](#). They include a new visualization tool that allows you to explore water system supplies and demands. The [water conservation portal](#) offers water-saving tips and suggested conservation measures, references to policies and laws, and more resources. These pages will be continuously updated so check back regularly. Thank you for your continued partnership in ensuring Californians have access to high quality water. Together, we can make every drop count.

Governor's Budget Proposes \$1 Billion for Water System Arrearages Relief

June 14, 2021

During the COVID-19 emergency, many Californians experienced job loss, reduced wages, and other hardships that made it difficult for them to pay their water bills. As the state prepares to fully reopen in the coming weeks, certain provisions of Governor Newsom's COVID-19 related executive orders remain necessary to help Californians recover. On June 11, 2021, the governor issued Executive Order N-08-21, which extends the prohibition on discontinuing water service for residential customers and small businesses in a critical infrastructure sector until September 30, 2021.

Water systems played—and still play—a vital role in protecting health and safety by halting water shutoffs for residential customers. Governor Newsom's 2021–22 May Revise to the state budget proposes that \$1 billion in American Rescue Plan Act funds be used to provide direct payments to water systems to address customer arrearages and revenue gaps related to the pandemic. Details of this program are still being worked out through the legislative budget process. The State Water Board will share additional details as they become available.
